TEMPERANCE LEGISLATION NOT FAVORED

By Governor Willis at The Present Session of General Assembly

SO HOUSE COMMITTEE IS INFORMED BY PURDUM

BUT HASTE IS ENJOINED

Upon Republican Leaders In Passing the Big Administration Measures, So That Active Session May End Two Weeks From Next Friday—Decentralizing License System.

(Associated Press Telegram) Columbus, March 30.—Governor Willis spent half the morning today conferring with Republican leaders of the house and senate over pending legislation and urging them to hurry the big administration bills to an early vote. Legislators said after talking with the governor the tentative date for ending the active session mentioned during the conference was April 17, two weeks from next Friday.

It was decided by senate leaders after talking to the governor that no attempt would be made to re-pass the bills already put through by either house on which emergency clauses had failed.

The attitude of Governor Willis toward legislation also appeared as a factor in committee consideration of measures today, when Representative Purdum of Ross, told the house temperance committee that the governor had informed him he thought no legislation on the liquor question should be passed at this session excepting a plain bill to decentralize the present licensing system. Representative Purdum argued for his decentralizing bill, to which Representative Fleming of Mahoning objected, on the ground that the Fleming bill already pending, follows more carefully the specification of being a simple decentralizer.

Senator Wickline, of Summit, conferred with the governor today to urge support for the amendment to the Smith-Mallow agricultural bill, to make the fish and game commission distinct from the agricultural department. The senate adopted this amendment, but the house refused to take similar action.

Others who discussed legislation with the governor today were Speaker Conover, Senator Howard, Majority leader in the senate, Representative Whittemore, Republican house leader, Senator Moore, of Jefferson and Representative Smith of Morgan.

Later today after further conference with the attorney general's department, legislative leaders said it was possible that the Smith-Mallow agricultural bill might be reconsidered and re-passed by both houses to avoid the possibility of its being declared passed by an insufficient vote after the legislative adjourns. The house tried to attach an emergency clause to it and failed. According to Attorney General Turner's opinion, this would kill the entire bill.

Representative Lovett, of Adams today made what is considered the first public statement from the Republican side of the legislature that no liquor legislation is needed or even demanded generally from this assembly. Addressing the house temperance committee, which was considering several liquor decentralization bills, he said:

Sunken Submarine Is Being Moved Closer To Shore; No Hope for Crew

(Associated Press Telegram) Washington, March 30.—Submarine F-4 sunk at the entrance to Honolulu harbor had been moved 300 feet toward shore by vessels with cables at 3 o'clock this morning, according to a message received today by Secretary Daniels from the commander of the first submarine division. The message gave no details.

This brief message was the first positive word that the rescue parties have made any progress in bringing the lost submarine to the surface. While there is some hope of salvaging the boat it revived no hopes that any one may be found alive inside.

Replying to urgent inquiries by Rear Admiral Blue yesterday, Lieut. Smith, commanding the searching

CRIMINALITY STILL FACES MISS TANZER

While Her Statement Exonerated Former District Attorney

HER PROSECUTION FOR CONSPIRACY MAY RESULT.

FEDERAL AUTHORITIES

Will Not Cease Their Investigation of Woman's Use of the Mails—United States District Attorney Characterizes Some of Miss Tanzer's Statements As "Unbelievable."

(Associated Press Telegram) New York, March 30.—An investigation of Miss Rae Tanzer's statement that in bringing a breach of promise suit against James W. Osborne, she had named the wrong man, was begun today under the direction of United States District Attorney H. S. Marshall. Miss Tanzer had been directed to return to the federal district attorney's office to continue her story.

Mr. Marshall, who has characterized some of Miss Tanzer's statements as "unbelievable," made it clear that the activity of the federal authorities in the case would not cease because Mr. Osborne had been exonerated. He said that prosecutions for conspiracy might result from the inquiry.

When the examination of Miss Tanzer was concluded, Mr. Marshall said, he would place all the evidence he had obtained from her and from others before the grand jury. He asserted that nothing had occurred to alter his conviction that there was a conspiracy involving Miss Tanzer and others.

CRUISER SYDNEY AGAIN APPEARS; NOW AT URUGUAY

(Associated Press Telegram) Montevideo, Uruguay, March 30.—The Australian cruiser Sydney, the warship which destroyed the German cruiser Emden in the Indian ocean last November, left this port today. She came in yesterday.

Since her exploit in the Indian ocean five months ago, the Sydney has been reported from widely separated points. The latter part of November she was at Colombo and in January of this year she is said to have been at Bermuda. During the month of February she was reported as cruising in the Atlantic searching for the German cruiser Karlsruhe, and as going up the Amazon river on the same errand.

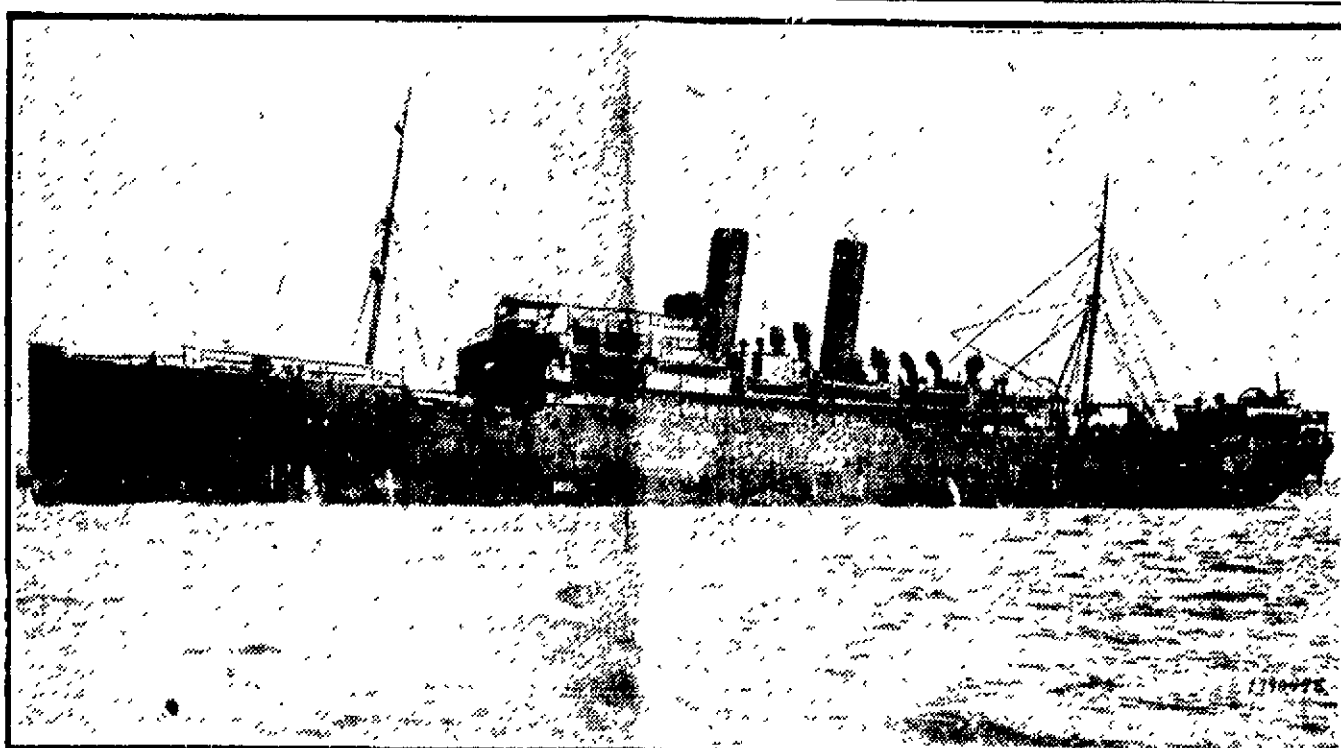

NACO AGAIN PREPARES FOR BORDER FIGHTING.

(Associated Press Telegram) Naco, Ariz., March 30.—Naco, Sonora, the town which was "neutralized" by agreement between the Mexican factional leaders last December when Brig. Gen. Hugh L. Scott of the United States army acted as intermediary is again being prepared for hostilities. Jose Martorena, governor of Sonora, warned today all Americans to leave the town.

SNOW IN TENNESSEE.

(Associated Press Telegram) Nashville, Tenn., March 30.—Snow driven by a north wind, was falling today over middle Tennessee. There was a sharp drop in temperature.

Sentinels at Harbor Entrance Guard German Cruiser Prinz Eitel Friedrich.

(Associated Press Telegram) Newport News, Va., March 30.—Customs officials continued to refuse to discuss the mysterious status of the German cruiser Prinz Eitel Friedrich. No one without official authority was permitted to approach the Eitel's pier. All night long a sentinel stood guard at the pier entrance and was relieved by another at sunrise. There were few signs of activity on the German raider and smoke was coming from only one of her funnels. One of the many reports current in marine circles today was that British merchant ships leaving here have been carrying coal to the allied warships lying off the capes in wait for the Prinz Eitel. It was said one of the reasons for sending the battleship Alabama here was to enforce neutrality in all its phases.

Business Situation In Germany Is Much Better Than Might be Expected

(Associated Press Telegram) Berlin, March 30.—Via London.—The business situation in Germany is regarded as fairly satisfactory and considerably better than might have been expected in view of the war. All industries, of course, are running on a restricted scale, chiefly because of the virtual cessation of overseas exports but as a large proportion of the skilled workmen went into the army the sharp curtailment in production was not attended by a

corresponding increase in unemployment. More women and girls are seeking work in some branches of industry than can find employment, but this is far from being the case with the men. On the contrary the leading industries of the country are seriously embarrassed by the scarcity of skilled workmen. This is true of the coal and iron trade, shipbuilding and certain sections of the chemical industries.

A pronounced scarcity of workmen is reported from the great industrial district about Essen. Locomotive shops are busy while shipyards evidently are working on big government orders. Textile factories engaged in turning out the cheaper line of goods are hampered by a shortage of raw material. The import of wool has virtually ceased and woolen rags are in great demand for the making of shoddy.

RATHER THAN MOVE HIS HOUSE VETERAN HAS STAYED IN JAIL.

(Associated Press Telegram) Pittsburgh, March 30.—Rather than comply with a court order to move his house, which is alleged to be on a public highway, Chris Lieberman, a Civil War veteran has spent 14 months in the Allegheny county jail and says he will remain the rest of his life, unless the order is revoked. Many friends of the aged man have pleaded with him to obey the order, but to all he replies that his conscience forbids him to remove the house. Lieberman is a model prisoner.

DARDANELLES' BOMBARDMENT INTERMITTENT

(Associated Press Telegram) Paris, March 30.—The operations in the Dardanelles Monday consisted of an intermittent bombardment of several Turkish positions with the co-operation of aeroplanes, says a Havas dispatch from Athens. The Turks are reported to have replied feebly to this fire. They are actively engaged in repairing damage done the fortifications. Large bodies of Turkish troops, it is said, are being concentrated at Smyrna to oppose a landing by allied forces.

STATE OPENED CASE AGAINST BOMB THROWERS

(Associated Press Telegram) New York, March 30.—The state opened its case today against Frank Abramo and Carmine Carbone, charged with making a bomb and placing it in St. Patrick's cathedral, March 2, by calling to the witness stand Amedeo Polignani, the young Italian detective, who uncovered the alleged plot. Polignani posing as an anarchist, obtained the confidence of the prisoners and for months associated with them. It was during this period that the alleged plot to wreck the cathedral was hatched and the bomb made. Polignani, while familiar with the prisoner's plans kept police headquarters here advised of them. It was due to his work that detectives were scattered in various disguises, throughout the cathedral when the bomb was lighted.

SCHOOL TEACHER HANGED HIMSELF.

(Associated Press Telegram) Canton, Ohio, March 30.—Despondent because of friction between himself and residents of Comet, a village 20 miles northwest of here, Frank H. Guilfoinea, 56, teacher in the Comet public schools, committed suicide by hanging today. Guilfoinea left a meeting of the school board called to investigate his conduct, went to a nearby barn, tied a rope around his neck, fastening the other end to a beam and leaped from the haymow. His neck was broken.

AMENDMENT TO BIBLE READING STATUTE IN N. Y.

(Associated Press Telegram) Albany, N. Y., Mar. 30.—A compromise amendment was added to the Tallent Bible reading bill in the senate today, when it reached the final passage stage in the assembly today. Under the amendment, the state commissioner of education would be authorized to appoint a commission composed of persons of all religious faiths, who should select passages from the Bible to be read in public schools which would be acceptable to followers of all beliefs.

PROBABLE MURDER IN CANTON; NEGRO DIES OF WOUNDS

(Associated Press Telegram) Canton, Ohio, March 30.—John W. Herndon, colored, hotel waiter of Youngstown, died in a hospital here this morning, as a result of a pistol wound. Police are looking for Sunny Brown, a colored porter of Canton, who is alleged to have fired the shot that killed Herndon. Police say that Herndon and Brown got into a quarrel over a game of cards after a drinking bout in a saloon. That the quarrel was pulled and that in the gun duel Brown shot Herndon and then made his escape.

NOTE TO ENGLAND IS PREPARED BUT NONE TO GERMANY

(Associated Press Telegram) Washington, March 30.—President Wilson announced today that the American note to Great Britain concerning the order in council was practically complete and would be forwarded to London within the next 24 hours.

The president told callers that the text of the note will be made public as soon as it has reached the British foreign office. Out of courtesy to Great Britain, he asked that there be no speculation about its contents until it had been received in London.

No note will be sent at present to Germany regarding the sinking of the American ship William P. Frye by the German converted cruiser Prinz Eitel Friedrich. The president said the government here has not yet received all the information it desires concerning the ownership of the cargo of the Frye.

O. W. U. PROFESSOR HAS APPENDICITIS.

(Associated Press Telegram) Delaware, Ohio, March 30.—President Herbert Welch of Ohio Wesleyan university, who for the last week has been confined at St. Luk's hospital in Cleveland, underwent an operation today for the removal of his appendix. Dr. Welch has suffered several previous attacks. His condition is not thought critical.

PORTUGAL CROWDS STONE BAKERIES; CRISIS IS SERIOUS

(Associated Press Telegram) Paris, March 30.—Apart from news of monarchical and revolutionary origin, intentionally exaggerated, information from impartial and reliable sources shows that the Portuguese crisis continues serious, says a dispatch to the Journal from Madrid. Ninety-five city councils are said to have forwarded protests against the dictatorial character of the government while only 17 support it.

The increased price of flour has caused rioting and a number of bakeries have been stormed by crowds. The government has opened negotiations with banks for a loan.

The dispatch says that several soldiers were arrested at Oporto because of a revolutionary propaganda they were conducting and that nine bombs charged with nitro-glycerine were found in the railroad station at Gaya.

15 OF CREW OF SUNKEN VESSEL REACH SAFETY

(Associated Press Telegram) London, Mar. 30.—The missing boat from the British steamer Aquila, sunk by a German submarine off the Pembrokeshire coast, containing 15 members of the steamer's crew and two passengers, has reached safety. This is the fourth boat that got off from the Aquila after the submarine attacked. It was believed up to the present time to have foundered. The number of men now supposed to have lost their lives with the sinking of the Aquila is nine.

FATAL BOXING MATCH.

(Associated Press Telegram) Steubenville, Ohio, March 30.—The body of "Special Delivery" Tull, who died here last night, after a fight in a boxing contest with Clyde Sharp, was turned over to his father, John P. Tully, of Pittsburgh, today. It will be taken there for burial. Sharp furnished \$2500 bail to await the action of the grand jury.

AGED WOMAN IS MURDERED BY GRANDSON

Who Turned Revolver Upon Himself, With Fatal Results

ACTED UPON SUDDEN IMPULSE OF DERANGED MIND

HIS FAMILY IS PROMINENT

In Exclusive Social Circles of Philadelphia—Police Puzzled By Absolute Purposelessness of the Crime As the Homicide Was a Keen and Successful Business Man.

(Associated Press Telegram) Philadelphia, March 30.—Mrs. Clotilda Cohen, 85 years old, member of a prominent family in this city, was shot and killed today by Henry B. Cohen, her grandson, who then turned the revolver on himself. He died later. The tragedy occurred in Mrs. Cohen's home.

Henry B. Cohen's bedroom adjoined that of his grandmother. Acting upon an impulse inspired by a suddenly deranged mind, it is believed the grandson must have crept into the aged woman's room, brought his weapon close to her face and then fired. The servants in the house heard the shots and notified the police. Physicians and police were soon on the scene and after convincing themselves that the woman was dead, hurried Cohen to a hospital.

Cohen formerly was in business here and was a member of exclusive clubs. Several years ago he entered the lithographing business in Chicago. He had returned to Philadelphia only a day or two ago for the Passover.

The absolute purposelessness of the shooting puzzled the police. Cohen was well liked by his grandmother. He is said to have been a keen, hard working business man who was making a success of his career. His father talked with him 30 minutes before the shooting and he says he was then apparently in good health and seemingly sound mentally. The family physician pronounced it a case of sudden and unaccountable insanity.

Charles Cohen, Henry's father, is president of the chamber of commerce and is a paper manufacturer in this city.

SWALLOWS POISON IN BOSTON PRISON.

(Associated Press Telegram) Boston, March 30.—Willard O. Wallace, known also as C. K. Hitchcock, charged with the larceny of money from banks at New Orleans, San Francisco, and Portland, Ore., who was arrested last night as a fugitive from justice, swallowed poison at the city prison today. He was taken to the relief hospital where it was said death was a matter of hours only. He had concealed the poison in his clothing.

Wallace is said by the police to have admitted he was the man wanted for defrauding banks by means of fraudulent drafts.

PROHIBITION AS DRASTIC AS RUSSIA'S

Now Facing United Kingdom As a Result of Lloyd George's Letter

DRINK A DEADLIER Foe THAN AUSTRO-GERMANS

IN CHANCELLOR'S OPINION

Employers Will Back Action By Sealing Their Wine Cellars—Russians and Austrians In a Death Grapple In the Carpathians, and Other Poland Operations Await Outcome.

(Associated Press Telegram) London, March 30.—Prohibition, as drastic as that prevailing in Russia today, faces the United Kingdom. Press discussions of the letter sent by David Lloyd George, the chancellor of the exchequer, to the ship owners' federation competes successfully in point of interest with the news of the sinking of the British liner Falaba by a German submarine with the loss of more than 100 lives.

The chancellor in his letter said: "We are fighting Germany, Austria and drink, and so far as I can see, the greatest of these three deadly foes is drink." And he added that he had a growing conviction that only the severest method would be of avail in dealing with the evil. The employers are backing what Mr. Lloyd George terms "root and branch action," even to the extent of promising to seal their own wine cellars and to prohibit the use of intoxicants at their clubs, while labor leaders are equally anxious for the institution of a prohibitory measure.

Great Britain is smoldering in anger over the torpedoing by a German submarine of the steamships Falaba and Aquila, but confidence is expressed that the latest outburst of under-sea activity will have no effect on the movements of British ships.

Reports from Petrograd say the capture of German documents show that Field Marshal von Hindenberg attaches great importance to the German offensive movement in the region of the Niemen river. At present neither army in Poland seems to be displaying any great activity, and all other sections of the extended eastern battle front seem to be waiting the outcome of the death grapple in the Carpathian mountains. There the Austrians are stubbornly contesting every foot gained by the invaders.

No news has been received concerning the expected resumption of the allied fleets attack on the Dardanelles, but unofficial reports claim that the Russians have swept the Turkish navy from the Black Sea.

BULGARIA HOLDING GERMAN SHIPMENTS.

(Associated Press Telegram) Geneva, Via Paris, March 30.—Dispatches received here from Sofia state that Bulgaria is holding up shipments of German artillery and large quantities of ammunition destined for Constantinople.

Many German officers traveling to and from Turkey, some of them wounded, are awaiting passports at Sofia to enter Austria.

Refusal to Credit Stories Of Russian Progress One Cause of Fall of Przemyśl

(Associated Press Telegram) Przemyśl, Friday, March 26.—Via Petrograd, March 30, and London.—Refusal to credit stories of Russian victories and the progress of Russian arms contributed largely to the ultimate fall of the Przemyśl fortress, according to the opinion of certain Austrian officers, who went through the siege. The Russian advance was gradual, and for this reason, it would appear that the Austrians overlooked its seriousness. They neglected their opportunities to bring in provisions in quantity when these were presented, and later had to pay for this neglect. Austrian soldiers within the fortress who spoke of Russian successes were severely dealt with by their superiors.

The correspondent who came into Przemyśl with the Russians Monday, March 22, has since talked at length with a number of Austrian officers, one of whom spoke of the days of siege as follows: "The morale of the men within the fortress was good at the outset, but it underwent a change after the battered armies of Generals Dankl, Auffenbach and Bruderman straggled into Przemyśl. These crowds of tired, ragged and hungry troops, driven in from outside battlefields, filled the town of Przemyśl as well as the fortress. They lay about the streets, and from this time things for us changed for the worst. We overlooked opportunities to bring in provisions. We made endeavors to keep out other detachments of our soldiers who had been defeated by the Russians. We began conserving our supplies. But even so, we would not believe that the Austrian defeats at the hands of the Russians were serious. Starvation began, and aviators were our only means for the replenishment of supplies.

"The fate of this fortress was decided after the sortie of the 19th. When this was driven back the Russians were within 1800 yards of our outer line. Then the terrific bombardment followed. In one open space 10,000 Austrians and Hungarians were massed and the ground was soon covered with dead and wounded."

AUTO DEALERS MADE MONEY ON THE BIG SHOW

After allowing all bills, The Licking County Automobile Association, at its regular meeting, Monday evening, found that it still possessed a goodly sized amount in its treasury with which to pave the way for the third annual auto show it desires to stage one next year.

Practically all the dealers were present at the meeting last night and expressed themselves as highly pleased with the results of the show. Steps were taken toward holding a banquet some time in the near future.

That the Association has embarked upon a course in the civic affairs of Newark was made manifest by the different dealers in short talks before the meeting. To boost Newark is the main object of the Association and various ways of accomplishing this end were considered.

Wright D. Wyeth, treasurer of the Association, expressed himself in favor of regular meetings of the Association with a view toward emphasizing the get-together spirit. This phase was also touched upon by Murray Connelly, president, in his short address.

That there will be another show held next year, if arrangements can be made, was the consensus of opinion among the members of the Association before adjournment was taken.

WILL MARCH RETIRE LIKE A LION? IT IS MAKING BIG EFFORT

Newark has been remarkably free from the blustery and unpleasant weather which is usually attributed to the month of March, and while it can hardly be said that the month was ushered in like a lamb, yet it was by no means lion-like in its entry. There is every indication that its departure will put the lion to shame. Monday was raw and cold with a stinging wind. Today is little better and there is no promise from the weather man that conditions will improve before the 31st. Gardeners and fruit growers are well enough satisfied that the cold weather is lasting and retarding the development of fruit trees and shrubbery.

The weather man prophesies snow, but even a gentle fall of the beautiful may have no terrors for the lamb.

The seniors of the New York university college voted to forbid the wearing of mustaches by all students. Formerly only freshmen were forbidden to wear this adornment.

Doctors Said He Had Dropsy

Some time ago I had an attack of grippe which finally settled in my kidneys and bladder. I doctored with the doctors and they claimed I had dropsy; I tried other remedies and got no relief from any of them. My condition was such that I was unable to work for about two months and the annoying symptoms caused me a great deal of trouble and pain. I was finally able to turn over in bed. Seeing one of your Almanacs, I decided to give Dr. Kilmer's Swamp-Root a trial and after taking several bottles was able to resume my work again. I cannot say too much in praise of your Swamp-Root as the results in my case were truly wonderful.

Yours very truly,

Your Opportunity

In Europe today thousands of fields lie in waste, thousands of homes are blackened ruins. There will be no harvest this year, for there will be no planting.

In America thousands of fertile fields throughout the length and breadth of our prosperous farming country are yielding to the plow today. And this year's harvest will be in all probability one of the greatest we have ever gathered.

Though we truly deplore the present chaos abroad we must not fail to realize and grasp the opportunity that is now ours in peaceful America.

We can each one of us reap a harvest of our own. One dollar or more saved in this "Old Home" every week is the planting which makes such a harvest possible.

CHICAGO BOWLERS WIN CHAMPIONSHIP IN FIVE-MEN EVENTS

(Associated Press Telegram)
Peoria, Ill., March 30.—The Barry-Kettler team of Chicago, which won the championship in the five-men team at the 15th annual tournament of the American Bowling Congress last night made their winning score of 2,507, March 22. The New Havens, of New Haven, were second with 2,892, and Liebers Gold Medals of Indianapolis third with 2,848.

Seventy-five two-men teams and 151 bowlers in the individuals made up today's program.

H. Allen and R. Allen of Detroit are leading in the doubles with 1,297.

Tony Groff, with 605 in the individuals, led the Columbus bowlers in the A. B. C. today. E. Gettrock ranked second with 561. The other counts were just fair.

F. Brightman and Peterson were the best of the lot on the double squad, getting 1088. W. Barron of Portsmouth had a good single score of 631. He doubled with Prediger of the same city, and the pair got four pins less than 1,100. Scores:

VON KLUCK AND EMPEROR HAVE A STORMY TALK

(Associated Press Telegram)
London, March 30.—General von Kluck, the German commander, who led the advance into France, according to travelers from Berlin, was wounded while recklessly inspecting trenches at the most dangerous point on the line, after a stormy interview with Emperor William, says an Amsterdam dispatch to the Express. It is learned from the same source, that the opinion is expressed in Berlin that as the result of the incident the emperor will entrust the command of von Kluck's army to Prince Eitel Friedrich.

Announcement that General von Kluck had been wounded was contained in an official statement issued yesterday by the German war office. It was said his condition was not serious.

HOSPITAL CASE BRIGHTS DISEASE

Place—Hospital in Pueblo, Colo.
Case—Chronic Bright's Disease of fifteen years' development.

Prognosis—Recovery impossible and patient (a Mr. Gaden) was so advised and that he could remain or go home. He was taken home.

On arrival at Center, Colo., could not sit up alone in bed. A local physician was called. He, too, said he could not recover and prescribed for his heart.

It did not look like the patient could live a week when Fulton's Renal Compound was taken to him.

In ten days patient was sitting up; he made a slow but steady recovery. Weighed 190 pounds at last advice.

These items were sent by his wife, Mrs. Mary Gaden from Center, Colo. The ability of Fulton's Renal Compound to oppose Renal degeneration and reduce albumen in many cases of Bright's Disease is not a matter of opinion but a FACT IN PHYSICS, and we will mail formula for albumen test that will show the percentage from week to week.

As the albumen declines improvement commonly follows, recoveries having been reported in thousands of cases. Formula and literature mailed on request. John J. Fulton Co., San Francisco. F. D. Hall is local agent. Ask for pamphlet.

TAKE SALTS TO FLUSH KIDNEYS

Eat less meat if you feel Backache or Bladder troubles you—Salts is fine for Kidneys.

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is an expensive harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.

AN OLD RECIPE TO DARKEN HAIR

Common garden Sage and Sulphur makes streaked, faded or gray hair dark and glossy at once.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also ends itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and trouble some.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Hair Remedy." You will get a large bottle for about 50 cents. Everybody uses this old, famous recipe, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger. So now for Easter week we offer you a showing of clever styles, from the foremost designers, that embody Fashion's very latest whims. Hundreds of women have found

garment economy this season for the first time. They read our ads—then investigated, or they were sent here by their friends; in either case they were not disappointed. It's an obligation you owe to yourself to see the remarkable garments we now have on display. To look and compare will give you a keener insight into just what garment satisfaction means. Tomorrow is none too early if you want that new suit or coat for Easter.

Countless New Models in Suits Have Just Arrived Newer Styles That Will Appeal to You

It is nearly impossible to secure suits now. Manufacturers anticipated a light season, manufacturers of woollens also thought the same thing. Conditions have been just the reverse—the demand for suits has been enormous. Consequently there has been a shortage of materials and desirable shades. In spite of these conditions, our New York office, with ready cash, bought up a beautiful assortment of the very latest styles in the shades you want. These we display for the first time this week and prices have not been advanced. See these charming new suits before purchasing.

These Are the Values That Reign Supreme Unequalled in Price, Style and Quality.

CHECKERED SUITS \$12.50 to \$25.00

Jaunty is the word that best describes these pretty new Shepherd Check Suits. They are made in the Meadowbrook and Country Club styles, with either patched or flaring pockets, mannish lapels and collars, plain tailored skirts, etc. Prices are so very reasonable. \$12.50 to \$25.00

SOCIALISTS ARE GIVING SUPPORT TO GOVERNMENT

London, March 30.—As a result of German Socialists staunch support of the government in the war, party leaders confidently expect the future will bring Socialists rights and privileges equal to those granted all other parties. A resolution expressing this belief was adopted by the Socialist party, Diet of Hesse, according to a Hamburg dispatch to the Reuter Telegram company by way of Amsterdam.

The resolution added that while safeguarding all party principles Socialists deem it will vote for the adoption of one budget to show the world that Germany is united in its effort to gain a victory and "lasting peace."

ONE YEAR AGO MINERS' STRIKE BEGAN IN OHIO

(ASSOCIATED PRESS TELEGRAM)
St. Clairsville, O., March 30.—One year ago today 15,301 miners in the East Ohio coal fields left the mines because the operators would not pay them 47 cents a ton for coal on the run of mine basis. Very little work has been done in the district since that time, and leaders of the men said today that the end of the strike is not yet in sight. Federal conciliators sought a basis on which the strike could be settled but without success and the matter was taken to President Wilson, but to the present with apparently no more cheering result. There has been some destitution among the miners and their families, although it was stated today that they had received approximately \$1,500,000 in strike benefits, while donations of clothing and food from sympathizers in various parts of the country have been generous. There has been little disorder since the strike was inaugurated.

DR. C. H. STULL CELEBRATED HIS FIRST ANNIVERSARY

The services Sunday at the Fifth Street Baptist church were largely attended at both the morning and evening meetings. In the morning the pastor spoke on the subject, "The Pattern on the Mount," and in the evening, "Unrestricted Liberty." Both sermons were heard by interested audience, and many favorable comments were heard, especially on the morning address. At the close of the evening service, four new members were presented at the front. The occasion for the use of the morning theme, was the first Sunday of Pastor Stull's second year with the church. He came to Newark a year ago, beginning his ministry here the last Sunday of March. The church will hold a general good fellowship meeting in the edifice Wednesday evening, March 31st. The pastor said Sunday he hoped to see fully 500 of the membership out, so that they might greet warmly the new members who have entered the membership roll this past year. All the new members since last March will occupy one table themselves. All arms of the churches activities are being strengthened, and everybody seems to be satisfied with the year's progress, though much has been left undone. At the end of the good fellowship supper a program will be given: Deacon S. F. Van Voorhis will speak especially to the new Christians; Mr. A. Nelson Dodd, the Supt. of the Sunday school will talk on the "Present Outlook." Mrs. Eugene Ball and Mrs. J. B. Jones on those who have "Gone Before." Other features will be offered to make the effort one worthy the church, and thus bring spiritual uplift to every attendant of the church and organization.

FOR BEAUTIFUL HAIR, NOURISH THE SCALP.

Dandruff must be removed and the hair roots nourished to stop falling hair and itching scalp. It is unnecessary to have thin, brittle, matted, stringy or faded hair. No matter how unsightly your hair, how badly it is falling, or how much dandruff, simply rub Parisian Sage well into the scalp and it will be all that is ever needed. The hair roots are nourished and stimulated to grow new hair. Even all dandruff is removed with one application, itching scalp and falling hair cease, and the hair becomes soft, fluffy, abundant, and radiant with life and beauty.

Parisian Sage, a daintily perfumed liquid, is one of the most pleasant, invigorating and refreshing hair tonics known, yet perfectly harmless and inexpensive. After the first application you will be surprised and delighted with Parisian Sage, for there is nothing that will so help to double your present attractiveness as luxuriant, glorious hair, and this tonic treatment is all that can possibly be desired.

Be sure to get Parisian Sage from T. J. Evans, or at any drug counter, as there is no other so effective.

I USE "TIZ" FOR SORE, TIRED FEET

"TIZ" for puffed-up, aching, sweaty, calloused feet and corns.

Good-bye corns, callouses, bunions and raw spots. No more shoe tightness, no more limping with pain or drawing up your face in agony. "TIZ" is magical, acts right off. "TIZ" draws out all the poisonous exudations which puff up the feet—the only remedy that does. Use "TIZ" and wear smaller shoes. Ah! how comfortable your feet will feel. "TIZ" is a delight. "TIZ" is harmless.

Get a 25 cent box of "TIZ" now at any druggist or department store. Don't suffer. Have good feet, glad feet, feet that never swell, never hurt, never get tired. A year's foot comfort guaranteed or money refunded.

INTEREST MANIFEST IN THE SERVICES AT CENTRAL CHURCH

Splendid interest was manifested in the Monday evening services at the Central Church of Christ.

Mr. Ward will take as his subject this evening "Jesus and His Enemies."

There will be special music each evening.

The sermon subjects for the week are as follows:

Wednesday—"The Father's Portrait."

Thursday—"The Perpetual Presence."

Friday—"Christ's Cross and Atonement."

Sermons begin at 7:30 p. m. and close promptly at 8:30.

The morning service on next Sunday will begin at 9:15 and close at 11. "One thousand" is the aim for the service at 9:15.

DANISH STEAMER WAS THREATENED BY A SUBMARINE

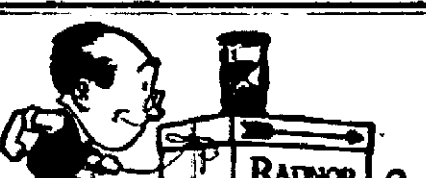

(ASSOCIATED PRESS TELEGRAM)
Philadelphia, March 30.—A story of how he had been pursued for miles by a German submarine was told by Captain Tholindsen of the Danish steamship Paris, which arrived here yesterday. The Paris came from Korsor to load a cargo for Copenhagen.

"While off Lowestoft, England, in the North Sea, a German submarine was sighted," said Captain Tholindsen. "For miles she pursued the Paris, which put on a full head of steam. It was not until a British torpedo boat came to the rescue that the German undersea craft gave up the chase."

Captain Tholindsen said that all through the chase the Danish flag was flying from the mast of the Paris. Many floating mines were also sighted.

WEST VIRGINIA OFFICIALS WILL TRY TO BORROW

(ASSOCIATED PRESS TELEGRAM)
Charleston, W. Va., March 30.—The first step on the part of officials to relieve the present dilemma in the state's finances resulting from the failure of the last legislature to enact sufficient tax laws, was taken here yesterday when State Auditor J. S. Darst and State Treasurer E. L. Long asked Attorney General A. A. Lilly for an opinion on the right of West Virginia through its officers to borrow money. They declared it was their duty as fiscal officers to make every effort to maintain the credit of the state and preserve its financial integrity. The request was made after Attorney General Lilly had informed the auditor and treasurer, that while the law required the auditor to issue a warrant on presentation of claims against the state, the treasurer would be unable to issue warrants while there was no money in the treasury to the credit of that particular fund on which they were drawn.

WOMEN MAY BE STRONG

and enjoy life whether in the home or business world if they can keep at bay those ailments peculiar to their sex. If every woman realized how Lydia E. Pinkham's Vegetable Compound, that simple remedy made from roots and herbs, goes to the root of the trouble and overcomes such symptoms as backache, headaches, nervousness, and irritability, they would be healthier, happier and stronger. If you suffer from any form of female ills, why don't you try it? It will pay you to do so.

DEFENSES

OF DARDANELLES CANNOT BE FORCED BY ALLIES, SAYS VON DER GOLTZ

German Field Marshal Confident That Any Attack Can Be Easily Repulsed.

(ASSOCIATED PRESS TELEGRAM)

Bucharest, Via Paris, March 30.—Field Marshal von der Goltz, the German military commander of the Constantinople, interviewed by the Adevart, declared the defense of the Dardanelles had proved more effective than had been expected and that he now would affirm that the allied fleet would not force a passage.

"We await a new attack without fear," the field marshal is reported to have avowed. "The more ships there are, the better satisfied we shall be. We do not lack ammunition for Turkish factories supply us all we want. Turkish industry has been sufficiently developed to equip a fresh army of 500,000 which it will be easy to mobilize."

"Constantinople is calm and the sultan still is in the Bosphorus palace Enver Pasha, minister of war, is most optimistic and we are convinced we shall win."

Field Marshal von der Goltz has left Bucharest for Berlin.

Announcement that Field Marshal von der Goltz had left Constantinople for Sofia, Bulgaria, was made from Athens on March 26. His departure was believed to have an important bearing on the development in the Balkan situation, which is causing concern in Turkey. It is evident that he stopped in Bucharest on his way to Berlin after leaving Sofia.

PUT CREAM IN NOSE AND STOP CATARRH

Tells How To Open Clogged Nostrils and End Head-Colds.

You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dizziness, headache, no yawning, sniffling, mucous discharges or dryness; no struggling for breath at night.

Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, and relief comes instantly.

It is just what every cold and catarrh sufferer needs. Don't stay stuffed-up and miserable.

RUSSIA DECLARES GERMANY VIOLATED THE RULES OF WAR

(ASSOCIATED PRESS TELEGRAM)

London, March 30.—A semi-official statement issued at Petrograd, says a dispatch to Reuter's Telegram company, assigned to controvert the Germans' contentions that the assault on Memel was an attack upon an unfortified town, again reviews the fighting which is said to have preceded the occupation, and declares:

"The inhabitants of the town treacherously took part in the fighting, compelling the Russians to adopt exceptional measures which were unavoidable under the circumstances."

The statement enumerates violations of the laws of war which Russia charges against Germany and declares that under the circumstances the latter country has no right to make accusations against the Russian troops.

Line-Loss in Tuberculosis

In the Journal of the American Medical Association (January 17, 1914) was the following:
"It has been many times stated that in tuberculosis of the pre-tuberculous stage an increased amount of calcium (lime) is lost, both in the urine and feces. In fact, a demineralization has been thought to be a forerunner of the development of tuberculosis."
"Excess feeding of tuberculous patients and the enormous amount of eggs and milk once given such patients are not now considered advisable by a large number of physicians who are specializing in the treatment of pulmonary tuberculosis."
"If tuberculosis is due to a loss of lime from the system, the success of Eckman's Alternative in the treatment of this disease may be due, in part, to the fact that it contains a lime salt so combined with other valuable ingredients as to be easily assimilated."
Always we have urged users of Eckman's Alternative to attend strictly to matters of food.
In addition to rest and proper diet, some effective remedial agent seems to be needed, and in numerous cases of apparent recovery from tuberculosis and kindred throat and bronchial affections Eckman's Alternative has supplied this need.
It does not contain opiates, narcotics or habit-forming drugs, so it is safe to try. Your druggist has it or will order it, or you can get it from us direct.

"TYPHOID MARY" IS TO BE SUBJECT OF SOME EXPERIMENTS

(ASSOCIATED PRESS TELEGRAM)

New York, March 30.—Dr. William H. Park, head of the city's bacteriological laboratory announced today that he is conducting experiments which may point the way to rid "Typhoid Mary" Mallon, and other typhoid germ carriers, of those dangerous germs and thus remove a menace to all with whom they come in contact. Dr. Park said that experiments are being made upon five typhoid carriers by inoculation of vaccine and that he hoped to put "Typhoid Mary" under the tests within a few days. Meanwhile the woman to whom many cases of typhoid have been attributed, is isolated in a cottage on North Brother Island.

125 TELEGRAPHERS OF WESTERN UNION VOTED TO STRIKE

(ASSOCIATED PRESS TELEGRAM)

St. Louis, Mo., March 30.—One hundred and twenty-five telegraphers, present and former employees of the local branch of the Western Union Telegraph company, at a closed meeting held here last night, unanimously voted to strike, according to Sylvester J. Konenkamp, international president of the Commercial Telegraphers' Union.

While the vote was being taken, W. C. Long, secretary of the local, received a telegram from Secretary of Labor Wilson, saying that William Blackman, commissioner of conciliation of the United States Department of Labor, was on the way to St. Louis to act as mediator. The request for mediation was made to Mr. Wilson by the union.

The strike vote was taken on the demand of about forty operators discharged by the Western Union company. The operators claim they were discharged because their membership in the union had become known. Officers of the telegraph company deny that union men are being discriminated against.

The sporting goods trade is now busy supplying guns and ammunition to the gunners in the French trenches.

It is claimed that every spring each fly breeds 5,998,256,000 descendants. You have often noticed that number in some restaurants.

Some reckless men stay at home Saturday afternoon in spring to clean up their back yard, but it they would lie low at the office their wives might do it.

The Mothers Clubs should consider the questions that really bother in modern mother, like how to establish a long suit in bridge without good re-entry cards.

Efficient Publicity.

The idea is entertained by some of the older type of merchants, that the good repute of their firm is spread from mouth to mouth in conversation, and that they do not need to advertise in the newspapers.

That condition may have prevailed many years ago, when people had nothing else to do but to gossip about their neighbors. In those times everyone discussed all of his home purchases with all his neighbors.

Today a man who depends upon conversation and gossip to spread the news of his store, will not find that his place of business is much frequented. People do not exchange information about their domestic habits as they used to. You have little idea whether your neighbors buy their goods of Smith, Brown, or Jones. The world is full of wide interests, and the bargains one may find in a certain store are ordinarily known only to those that find them.

The newspaper is the only efficient means of acquainting the public with the business news of the town. For one person that will learn something about a given store by word of mouth, a hundred learn about it through newspaper notices.

The advertising columns of a newspaper are read just as attentively as any sensation that may appear in the news columns.

The results of the two policies are obvious. In one case a merchant drags along, with only a small part of the community knowing anything about what is happening in his store. In the other case, practically everyone knows when that merchant has special bargains, and what can be done in his store on any given time. Can there be the least question as to which kind of merchant gets the business?

Back Yards.

Something was said in the Advocate yesterday about keeping our public streets neat. The subject is not complete unless something is also said about back yards.

Most people need little advice as to keeping up their front yards. The weary householder will spend hours worrying over his grass or his shrubs in front of the house that bear the brunt of neighborhood inspection. Yet the same man will commonly permit the most unsightly collections of ashes, chicken coops, and general household refuse in the back yard. This waste material may be nearly as

Right of Free Speech and Publication Not a Guarantee of License

By Professor FRANCIS M. BURDICK, Columbia University

NEITHER the first constitution of New York nor that of the United States contained any guarantee of liberty of speech or of the press. Such guarantee was added by the first amendment of the federal constitution and is found in the fundamental law of the several states. The New York constitution of 1821 contained the following provision: "Every citizen may freely speak, write and publish his sentiments on all subjects, being responsible for the abuse of that right. AND NO LAW SHALL BE PASSED TO RESTRAIN OR ABRIDGE THE LIBERTY OF SPEECH OR OF THE PRESS."

This is not a guarantee of wild license in speech and publication, but of an ordered and legalized liberty. It does not give each citizen the right to speak or to print whatever, whenever and wherever he pleases. If he spouts the head of a barrel in a city street and draws a crowd which blocks the thoroughfare his liberty of speech is not invaded by an arrest for disorderly conduct. He is only being brought to account for his abuse of a constitutional right. Indeed, there is substantial agreement that this constitutional provision has for its primary purpose the exemption of the citizen from submitting his speech or writing to censorship.

New Dignity of the French.

Can it be that the French character is changing? The countenances of these people today certainly express endurance, patience and grim resolution—quite new expressions I can assure you, especially on the face of the traveling public.

And I review in my mind all that I have seen or the French since the outbreak of the war, and am convinced that contact with ultimate things has laid bare the bedrock of the true French character. There is no more grumbling at trifles, no more nervous apprehension of accident or danger. Self is banished—comfort, ease, pleasure, all definitely cast aside.

Worse than poverty, worse than traveling, worse than personal pain or disaster, worse than anything is this war. And the very inevitableness of it sustains them. It is, it must be faced. The nations who have willfully imagined the French to be a gesticulating, laughing, crying, hissing, frog-eating set of people will have to readjust their views. Their big attitude toward the biggest war of all time commands our reverence—and apologies.—Washington Star.

Ignorance Lifts Its Voice.

Even in a State like Pennsylvania, where people are accustomed to look with mingled pity and disdain upon the more "backward" civilization in some parts of the South and West, ignorance sometimes gets a foothold in high places. There has been introduced in the House at Harrisburg a bill against vaccination.

Probably the bill will not pass, but the fact that an effort is being made to pass it is instructive. Doubtless some kinds of vaccination have their bad features, and physicians are cautious in the employment of some serums. But there is no doubt that through vaccination many thousands of lives have been saved, and to forbid vaccination by law would be a fearful crime against the people living under that law. It is not only in

Some Concession.

At least some little concession to public opinion, if not to the religious scruples of a large number of people, is made in postponing the Johnson-Willard prize fight from Easter to the following day, Monday, April 5, the fight promoters yielding to the objections of the president of Cuba to staging the affair on Easter. That prize fighting should be tolerated anywhere in the civilized world is rather astonishing—until one reflects that a number of the greater nations and most civilized countries of the globe are at present not pounding one another with five-ounce gloves, but murdering with siege guns, heavy artillery, rifles, sabres, submarines and aerial bombs.—Mansfield News.

SPRING SICKNESS.

This is the season when the blood, according to the learned physician, is thick and flows as slow as mud.

which puts a man in bad condition. Spring sickness is a real disease, according to our time-worn notions, and having it, the victim flees to blow himself for dopes and potions. "I have to thin the sluggish stream," he says, "which through my system passes: it's thicker now than cheap ice cream, and flows like New Orleans molasses." From all spring ills he'd have release, if he would tramp his notions under, and get a jar of Elbow Grease, the medicine that's clean as a thunder. To get out doors where breezes blow, and tinker round to beat the dickeness, would make a lot of ailments go, and thin the blood that winter thickens. Instead of taking pale pink pills which are designed for purple parties, go, plant the spuds in shallow hills, and you'll be feeling fine, my hearties! We are too fond of taking dope, while in our easy chairs reclining, when we should shed our coats and slope our ponder where the sun is shining.

Things to Worry About.

With some men cleanliness is next to impossible.

Luke M'Luke Says:

It often happens that a man has no peace of mind because his wife is always giving him a piece of hers.

A man would rather spend ten months telling about his troubles than spend ten hours in getting rid of them.

It is easy to get a reputation for being a wise man. Just wear a tall hat and a frock coat and keep your mouth shut.

He expects her to provide for the inner man, but he kicks when she asks him to provide for the outer woman.

If we would work as hard as we worry we would all be wealthy.

When a man is bragging that his dog has more sense than he has he thinks you won't believe it.

Wealth doesn't always bring beauty. Some of the belles look as though they had been born with silver soup ladles in their mouths.

A woman isn't always arranging for friend husband's funeral when she is gazing intently into a gun store window. Maybe she is only admiring her reflection in the window pane.

Tell a girl how pretty she is looking and the moment your back is turned she will open her hand bag and powder her nose.

Too many of the men who are waiting for their ships to come in do their waiting where they can see the school-ers crossing the bar.

You do not have to go to Europe to see a real battle. Just go home with a man who hasn't notified his wife that he is bringing a stranger to dinner.

Some men are so strong in their belief that they should profit by their mistakes that they are always short changing other people.

There are all sorts of people in the world, including the man who has time to sit down and worry because oratory is on the decline in this country.

Not One Sided.

"A woman has to give up a great deal after she gets married," sighed Mrs. Gabb. "A man does nothing else but give up after he gets married," replied Mr. Gabb.—Milwaukee Leader.

The March meeting of the City Federation of Women's Clubs was an open meeting and was held in Taylor Hall on Monday evening with a large attendance of many who are interested in this work. The business of the Federation was transacted, the reports of the officers and various committees being read.

It was determined by the members to affiliate with the General or National Federation of Women's Clubs, the local federation being but a members of the state organization now. An invitation was received from the Unity Reading Circle to attend an entertainment and reception to be given in Taylor Hall on April 12 at 2 o'clock, the proceeds of the silver offering to be donated to the benefit of the Public Library. The Investigators' Club also invited the federation to a recital which will be given for the same purpose.

Mr. William E. Hopkins, of the Associated Charities gave a talk telling of the work being done and showing how the federation and the Associated Charities had been doing work along the same line. The effort to make the poor self supporting instead of merely offering aid was shown by Mr. Hopkins when he displayed three hand made rugs the work of an aged couple, who were thus supporting themselves. The rugs were sold during the evening, offers taken for others.

The Citizens committee of the federation then presented a paper outlining the work of the federation for the year and was given in detail as follows:

The Federation of Women's Clubs in outlining the work for the coming year, has given special strength and interest to two committees, the "Civic" and the "Library" committees, through which the women hope to obtain far-reaching results.

Great stress is laid upon the urgent need of awakening civic consciousness and civic pride in all citizens. Newark may be famed abroad for the beauty and cleanliness of her streets, as she already is for the beauty of her city, her public square, her beautiful trees, and for the great number of beautiful buildings, but if we all strive together, both as individuals and as citizens in general, for cleaner streets

and premises and more beauty in our surroundings.

By means of this public letter, the Federation begs the co-operation of every housewife and every household and asks them to clean and beautify their premises; make a special appeal to the children to help, and to keep their lawns and streets free from papers. We urge all citizens to clean sidewalks, front and back yards, and the adjoining alley; to plant flowers and vines; to carefully keep lawns and parkings; to remove garbage, all unsightly rubbish and newspapers.

The residents of Locust street last year gave a forceful example of beautiful results that may be obtained with a little foresight in planting, and attention to care-taking, but there is no way to gauge the pleasure afforded each passer-by, nor the general uplift to the community, their work afforded. It is to be hoped that the citizens will be interested in this work and that many of the streets will be beautified during the coming summer. It has been noted with much interest the removal from the public square of the unsightly cage used to imprison wild squirrels; also, that the fountains about the square are restored to their play and natural usefulness, and we do heartily commend the city council for their action upon these matters.

The Federation is resolved to ask the proper authorities to install a water plug in the center of each quarter of the public square and to purchase the required length of hose, to the end that the grass may be green and refreshing to the sight throughout the summer; also to purchase more seats and to place them wherever grass refuses to grow, and wherever the cross-cutting pedestrian trespasses on the grass; also, that the teamsters in the employ of the city, as well as those who collect garbage on their own account, be required to cover or protect the contents of their carts. Many complaints are made of clean lawns sown with papers, and streets strewn with litter and rubbish spilled from these wagons as they make their way to the city dumping ground.

How many citizens who reap the benefits which the Public Library affords, know of the difficulties through which it struggles for mere existence? How many know that not a single book that has been or is now being circulated from the library has been purchased from the fund from the city? The budget from the city is barely sufficient to pay meager salaries to the librarian and her helpers and to defray the running expenses of the institution. The books go out over the county as well as the city and the supply is wholly inadequate to the demand. The neighboring towns: Hanover, Clay Lick, Utica, Hebron, Homer, Granville, Vanatta and St. Louisville share in the benefits of the library. The aim of the library committee will be to further the work of securing a County Library. To start a foundation fund for the purpose, the Federation will reserve the proceeds to be derived from the Redpath Chautauqua which is to be held here this summer under their auspices.

In addition to the two great interests assigned to the Civic and Library committees the women of the Federation are pledged to effect the sale of the Red Cross seals; to co-operate with the State Federation in determining accurate birth registration; to have citizens investigation of the infringement of laws pertaining to juveniles; to aid in winter in the enforcement of the ordinance for keeping sidewalks free from snow and ice; to co-operate with the school board in any movement for the good of the public school, and to arouse in women a sense of duty and responsibility towards the school authorities.

Miss Hazel Retherford will entertain on Thursday evening at her home 22 Fulton avenue with a kitchen shower, complimenting Miss Edith Cawner, a bride-elect.

Mrs. Ollie Irwin will entertain The Rosebud Embroidery club at her home in East Main street, Thursday afternoon from 2 to 5 o'clock.

On Monday evening Mr. and Mrs. Demmy gave a dinner in honor of the wedding of their daughter Ruth to Mr. Ed Markham. Those present were: Mr. and Mrs. E. L. Markham, Mrs. Shuffler, Misses M. Beck, Beatrice Shuffler, Martha Demmy, Messrs. J. H.

Williams, Robert Sheffer and Frank Demmy.

A meeting of the Investigators' club was held Monday, March 22nd at the home of Mrs. John Sachs. The afternoon was given to a musicale in charge of Miss Besse Glenn, who was assisted by Mrs. Samuel Sachs and Miss Dorothy Glenn. The following is the program, which was enjoyed by all present:

Prelude in e-minor (Rachmaninoff); Kammerlied-Ostrol (Rubinstein) — Miss Glenn.

Reading, "The Sins of Peace" (Molly Best) — Mrs. Sachs.

Minuet, (Schubert) — Miss Glenn and Miss Dorothy Glenn.

Mazurka No. 1 (Saint-Saens); Norwegian Folk-Song (Transcribed by Haset); Waltz, (Ed. Shutt) — Miss Glenn.

Overture from Poet and Peasant (Von Suppe) — Miss Glenn and Miss Dorothy Glenn.

At her home in Jackson town, March 23, Mrs. Carl Fulk delightfully entertained the Jolly Stitches. After a busy hour spent with the needles, Mrs. M. V. Davis entertained the members with some fine readings.

A dainty luncheon was served to the following members and guests: Mesdames J. F. Davis, W. V. Davis, C. E. Frymote, L. E. Crow, Lewis Coffman, W. E. Wallace, E. V. Beard, Oren Eagle and Mrs. Ept. Master Oliver Davis, Miss Margaret Fulk and the hostess.

The next club meeting will be Tuesday, April 12, with Mrs. M. C. Harter.

The Monday Talks members had for hostess this week, Mrs. L. P. Franklin, who entertained at her home in North First street on the club day. The following is the program given: Old Cargame and the Spanish Main — Mrs. Fitzgibbon.

The Audubon Society and Its Influences — Miss Patterson.

Miss Mary Robbins was elected president of the club.

The Unity Sewing club was entertained at the home of Mrs. Frank Holter on Wednesday afternoon. The afternoon was spent in sewing, after which a dainty luncheon was served. The next meeting will be held at the home of Mrs. Ed Jones, April 7.

It might be a bit of interest to the housewives to know that there is on the market a device for the perfect preparation of grapefruit, a fruit which has taken its place on the menus of every household. Many do not like it from the fact that there is a bitterness, which many people in preparing do not know how to avoid. Mr. and Mrs. George Fisher of Chicago are demonstrating at the Meyer & Lindorf store today a rustless knife, by which the meat of the grapefruit may be loosened and then eaten with ease, without cutting any or the fiber. Mr. Fisher explains that the bitterness of the fruit, is in the white matter next to the rind and that in cutting the fiber, it permits the sugar to eat into the bitter part, thereby destroying the flavor of the fruit.

The knife is a simple method and has another use, in that it is so arranged that it perfectly peels any fruit or vegetable.

The demonstration shows many delightful ways in which grapefruit may be served and the Meyer & Lindorf company made a special effort to have the demonstration from an educational standpoint.

The members of the Monday Night Bridge club were entertained by Miss Katherine Sedgwick in Hudson avenue on the club night. The game concluded with the awards being made to Misses Leontine Moore and Lenora Phillips.

THE SICK

Mrs. W. E. Hannah was removed Sunday afternoon in the Bradley ambulance from the City Hospital to her home, 115 Wing street.

Harry Magers of 114 Neal avenue was removed in the Bazler white ambulance from a West Newark doctor's office to his home. He had undergone treatment under an anesthetic.

Mr. L. D. Munch, who has been seriously ill at his home in Florence street, for the last two weeks, is not improved.

Mrs. Martha Wintermute, who has been quite sick for the last ten days, is only slightly improved.

Mr. Frank Bolton, who has been ill with the grip, is now able to be out. Miss Olive Kent is ill at her home in German street, suffering with tonsillitis.

Mrs. T. J. Gregg of Degraft, O., is visiting her mother, Mrs. Gregg of Vanatta, who is very ill with heart trouble, has returned to her home.

Mrs. Cassie P. Pickering of North Fourth street, returned to Utica with her daughter, Mrs. James Morehouse, who has been visiting her here.

At the special election being held today for the purpose of authorizing a bond issue for \$50,000 for the purpose of equipping a municipal light plant, the vote was very light up until 2:30 o'clock. At that hour twenty-six precincts out of twenty-nine reported a total of 1,658 votes cast.

MR. AND MRS. NASH FIFTY YEARS AGO.

MR. AND MRS. NASH TODAY.

On Saturday at their home in 100 North street, Mr. and Mrs. George T. Nash celebrated their fiftieth or golden wedding anniversary. The home was arranged with a profusion of jonquils, and forty guests were invited to the anniversary dinner. Mr. and Mrs. Nash were married in Newark, but until about 10 years ago have resided on a farm near Chatham. The pictures show Mr. and Mrs. Nash as they were fifty years ago and the originals were taken from their marriage license, it then being a fad to have the pictures of the bride and bridegroom inserted in the marriage certificate. The later pictures were taken a few years ago.

Granville

(Special to Advocate)

Granville, March 30.—The Travelers club gave its starwell program in Honolulu yesterday afternoon, a "scaled program" being announced for next week. The tour of "Our Islands and Possessions" during the year, has resulted in a wealth of information which has proved of inestimable value to each member of the club. Yesterday's program was up to the high standard of excellence already established by the ladies taking part, and contributed to the fund of scientific knowledge which has gradually accumulated around "Our Islands" as topics. The president, Mrs. Clemons, was in the chair and her call for "Current Events" was responded to by Mrs. Stickney, Miss McKibben and Mrs. Hines. "Volcanic Islands," under Miss Howes treatment, developed a wonderful amount of interest, the Hawaiian group being of volcanic origin. A realistic description of an eruption formed part of Miss Howes paper. To this Mrs. Anna Campbell, who was in Alaska at the time of the eruption of Mt. Katmai in 1912, added the touch of personal experience that brought the subject into the realm of possibility. From the covering of ashes twenty inches in depth on the ground, Miss Campbell secured samples and yesterday exhibited them. "The Wireless System," by Miss Roe, gave evidence of careful study of a difficult topic. In addition to what she gleaned from books Miss Roe had attended a meeting of the Scientific Association and had personally visited the Swaney Observatory and wireless station on the College Hill under the guidance of Prof. Biefield, all of which information she passed on to the club. She called on Miss Mary McKibben to furnish the latest development in long-distance telephone operation, the line from New York to San Francisco.

Mrs. J. S. Jones was a Columbus visitor today.

Mr. and Mrs. J. S. Jones will entertain at dinner tomorrow (Wednesday) evening at their beautiful home on Centerville street after having their guests to the Glee Club concert in the Opera House.

Mr. and Mrs. E. J. Dorsey left yesterday for Dayton where they will visit at the home of their son, Dr. Herbert C. Dorsey, electrical designer for the National Cash Register company. The George A. Horner moving pictures will be shown in Dayton during the coming week.

Mr. Howard Barrow returned from a business trip to Chicago yesterday morning and left on the 12:30 train.

At last a Mixed Dramatic club is assumed to Denison, which is to be one of the important honors in the institution. Under the efficient direction of Miss Judson, Dean of Shepardson college and Prof. V. H. Hoppe, head of the department of public speaking in Denison, the club promises great things. Over one hundred candidates for admission were tried out last week, about half of them being successful. Admission is now open.

Assigned for this season, "The Night's Dream" to be given in June. The cast of characters includes: "Duke Theobald," W. F. Hufstader; "Egeus," Don Atwell; "Lysander," A. F. Smith; "Demetrius," Herbert Shornew; "Philstrate," Bryant Morris; "Oberon," Ralph Jones; "Puck," Almonte Howell; "Hypolyta," Helen Duck; "Hermia," Miss Stoddard; "Helena," Florence Mason; "Speaking fair," Miss Robinson; 1st fairy, Miss Jessie Burns; "Titania," Miss Juliet Barker; "Quince," Eben Thresher; "Snug," Charles Willis; "Bottom," Robert Morris; "Flute," Belford Chadler; "Shout," C. Miss Dorothy Jones who has been substituting in the Granville schools, has accepted a position as primary teacher in Jersey.

Mr. Arthur Capell of Jersey spent the week-end at the home of his aunts Misses Lena and Mary Jones.

Mr. and Mrs. L. N. Lowe announced the engagement of their daughter, Laura, to Mr. Ralph Emerson Lewis, at a beautifully appointed six course luncheon, given at their home in Cherry street. The table was artistically and appropriately decorated for the occasion, being centered with the symbolic satin slipper from which radiated ribbons to the guests places. Attached to these ribbons were cards decorated with a tiny slipper and the initials of the prospective bride and groom. Floral decorations of spring blossoms further beautified the table and the rooms. Covers were laid for Misses Blanche Putnam, Alicette Chrysler, Belle and Anna O'Daniel, Faye Hulsbier, Rachel Fendall, Margaret Shadlow, Louise Spivey, Louise Mack, Hazel Bolin, Helen Buck, and Mabelle Rinehart, out of town guests were, Mrs. E. A. Jones and Miss Faye Warwick of Columbus. The bride-to-be is the fourth daughter of Mr. and Mrs. Lowe, a charming and accomplished girl with hosts of friends. Mr. Lewis is associated in business with the Frankels Company of Hopkinton, N. J. The date of the wedding has not yet been announced, though it probably will be in the not distant future. Miss Lowe's friends were unanimous in wishing her happiness in the new life opening before her.

Mrs. Florence D. Morrison.

Mrs. Florence D. Morrison, aged 24, wife of William B. Morrison of Summit station, died at 7 o'clock last evening at Grant Hospital at Columbus, following an operation. Beside her husband, she is survived by her parents, Mr. and Mrs. Andrew Davenport of Havens Corner, and a brother.

Funeral services will be held at 1 o'clock Thursday afternoon at the home of the parents. Burial will be made in the cemetery at Reynoldsburg.

Rev. H. C. Johnson.

In announcing the death of Rev. Henry Clay Johnson who was a former rector of Trinity Episcopal church of Newark, "The Living Church," an official paper of the church published at Milwaukee, Wis. has the following:

"The Rev. Henry Clay Johnson died at the age of 72, at the home of his son, Mr. B. W. Johnson, (Grafton, Pa., Monday, February 15th, and was buried at Hillsboro, Ohio, the place of his birth, the following Wednesday. He received his theological training at the Western Theological Seminary, Chicago, and was ordained to the diaconate in 1886 and to the priesthood in 1887, both by Bishop Bedell. With the exception of a rectorship of seven years at Trinity Church, Newark, diocese of Southern Ohio, he spent his entire ministry in the diocese of Ohio, his last cure (from which on account of declining health he resigned only two weeks prior to his death) being Christ Church, Hudson, where he had been since 1902. A member of this congregation, writing of him, says: 'On account of his sterling qualities of manhood and broad charity, he was loved by the entire community.' Mrs. Johnson and two sons survive him."

Mr. John Medlin.

Mr. John Medlin, a retired farmer, died at his home in Martinsburg at 8:30 o'clock Monday night, after a long illness of pneumonia, followed by heart trouble. The deceased was 67 years of age and leaves a widow, and one daughter Mrs. Ida Burkholder of Martinsburg. Funeral services will be held on Wednesday at 2 o'clock in the Disciple church, conducted by Rev. William Curtis. Interment in the Presbyterian cemetery. The I. O. O. F. lodge and Verbera Rebecca lodge, of which he was a member, will take part in the services.

Card of Thanks.

We wish to thank the many friends and neighbors for their kindly assistance at the time of the illness and death of Mr. George Livingston. Also the minister Rev. Mr. Cox and Criss Brothers, Mrs. George Livingston and children.

Card of Thanks.

We wish to extend to all relatives, friends and neighbors our sincere thanks for the kindness and sympathy shown us in our late sorrow and bereavement in the great loss of our dearly beloved mother, Mrs. Martha J. Davis. We wish to thank Rev. Diehl for his consoling words, the pallbearers and singers, also Mr. Bradley for the efficient manner in which he conducted the funeral arrangements, and the donors for the beautiful floral offerings. The Children.

Card of Thanks.

We wish to express our thanks to the letter carriers of Newark, Ohio, for the beautiful floral offering given in respect to our beloved husband and father, Mrs. Samuel Guy, son and daughter, Zanesville, O. 11*

COMPARISON

OF EVERY PHYSICAL DEVELOPMENT GIVES WILLARD ADVANTAGE OF JOHNSON

White Goliath Has Youth, Height, Weight and Reach to Pit Against Experience.

(Associated Press Correspondence)

New York, March 30.—The history of the prize ring offers no parallel of the battle for the world's heavyweight championship in which Jack Johnson and Jess Willard will engage next Monday at Havana, Cuba. Big men have fought for this premier title of fistiana since the early days of the eighteenth century but never through the long list of champions from James Figg to Jim Jeffries have two fighters of the physical proportions of Willard and Johnson crossed arms in the roped arena.

Of the champions of modern times Corbett, Jeffries and Johnson all passed the six foot mark while Sullivan, Sharkey and Fitzsimmons were from one to three inches below this height. When the negro title holder and his challenger step into the ring Easter Monday, Willard will tower six feet six inches in the air while Johnson will stand five and a half inches below him. In weight these fighters are also far above the ring average of the heavyweight class. Willard will weigh close to 255 pounds which will give him an advantage of about twenty pounds over Johnson in the clinching and tussling which will doubtless play an important part in the battle.

Next to Jim Jeffries, the Goliath of modern ring times, Johnson is the biggest man who ever held the title. Jeffries weighed 230 pounds, and stood six feet and a half inches in fighting shoes; Johnson is six feet one half inch tall and weighs 215 pounds. In condition: Jim Corbett scaled 187 lbs., at his best and was 6 feet 1 inch tall; Fitzsimmons was one and one-fourth of an inch shorter and fought at about 170 pounds; Sullivan stood 5 ft 10 1/2 inches, and fought at 174 pounds; Tom Sharkey was five feet nine inches, and fought his best bouts at close to 150 pounds.

Compared with these past heavyweight gladiators Willard appears as a Samson. Even when ranged against Johnson the Kansas

cowboy overshadows the negro title holder in almost every point of physical measurements. In addition to his 5 ft 10 1/2 inches, advantage in height and ten years difference in age the outwights Johnson by twenty pounds. His reach of 83 1/2 inches against the negro's 76 inches, will also prove of exceptional value if properly used. In all the measurements of trunk and limbs, Willard shows an advantage in structure, muscle and chest expansion varying from two to four inches.

To offset these physical assets Johnson has the benefit of ring wisdom and craft cultivated during his long career as championship contender and holder. Just as Willard surpasses Johnson in every point of physical make-up the Galveston pugilist excels the Kansas boxer in all departments of the science of giving and evading glove punishment. With youth and power ranged against experience and skill, the battle is likely to develop into a contest in which ring strategy will equalize brute strength and courage.

Johnson's ring assets are well known but uncertainty clouds Willard's prospects. In his short period of active glove battling he has never faced an opponent of the power, skill and experience of Johnson. The negro is no physical weakling even at the age of thirty-eight years and while Willard must be accorded the advantage here it is likely that the champion's offensive and defensive skill in both boxing and clinching will nullify this to a considerable extent. In the closing rounds of the battle it is probable that endurance and courage will play an important part.

POMERENE

WILL REINTRODUCE THE UNIFORM BILLS OF LADING MEASURE NEXT CONGRESS

Billions of Dollars Worth of Merchandise Covered by These Documents Every Year.

(ASSOCIATED PRESS TELEGRAM)

Washington, March 30.—The uniform bill of lading measure, which passed the senate in both the last two congresses, but was blocked in the house will again be pressed in the next congress, Senator Pomerene, its author announced today.

"I will reintroduce the bill and I think its prospect for enactment this time is good," he said. "It is the result of five or six years work of the American bar association's committee on uniform legislation, has been favored generally by organizations of shippers, railroad men and bankers and is in line with legislation enacted in eleven states, this bill differing only so as to be adaptable to interstate and foreign commerce."

Senator Pomerene pointed out that bills of lading annually issued represent consignments of merchandise valued at \$25,000,000,000 of which ninety-nine per cent. covers interstate and foreign traffic.

DOWNEY LOSES GAME FIGHT TO CAL DELANEY

Bryan Downey, who has been touted as the coming lightweight champion by the Columbus boxing fans, went down for the count before Cal Delaney of Cleveland last night in a scheduled twelve round contest at the Columbus Coliseum. Downey showed in fine form until the eleventh round when a terrific right to the jaw sent him to the mat for the count.

Bud Solinger of this city lost to Geo. Crawford in the opening preliminary,

going to the mat for the count in the second round. Sohnger stayed down too long and did not regain his feet quick enough according to the referee, although the Newark lad was up and at his opponent. The referee ruled him out.

George Walters of this city was scheduled for the semi-windup with Jack Conway of Marion, but the Newark boy had a disabled hand and two others were substituted. A fair sized crowd of Newark fight fans were at the ringside.

Rheumatism Yields Quickly to Sloan's.

You can't prevent an attack of Rheumatism from coming on but you can stop it almost immediately. Sloan's Liniment gently applied to the sore point or muscle penetrates in a few minutes to the inflamed spot that causes the pain. It soothes the hot tender, swollen feeling, and in a very short time brings a relief that is almost unbelievable until you experience it. Get a bottle of Sloan's Liniment for 25c. of any Druggist and have it in the house—against Colds, Sore and Swollen Joints, Lumbago, Sciatica and like ailments. Your money back if not satisfied, but it does give almost instant relief.

GIRLS! HAVE BEAUTIFUL, LUSTROUS, FLUFFY HAIR--25 CENT DANDERINE

To be possessed of a head of heavy, beautiful hair; soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderine.

It is easy and inexpensive to have nice, soft hair and lots of it. Just get a 25 cent bottle of Knowlton's Danderine now—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance; freshness, fluffiness and an incomparable gloss and lustre and try as you will you cannot find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use,

when you will see new hair—fine and downy at first—yes—but really new hair—sprouting out all over your scalp—Danderine is, we believe, the only sure hair grower; destroyer of dandruff and cure for itching scalp and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this.

AUDITOR SEEKS BETTER BIDS ON SUBWAY BONDS

In an effort to get better and unconditional bids on the issue of \$240,000 worth of subway bonds, City Auditor Dodd is corresponding with bond buyers in several cities, asking suggestions on the best manner to make Newark bonds more desirable, though all Newark bonds are already considered good investments by bond buyers, and bring high premiums.

As a result of his efforts, bond buyers suggest that the city secure an opinion from some good attorney regarding the legality of the issue and that arrangements be made for the payment of interest on the bonds in New York or Chicago, preferably the former.

These suggestions were contained in letters received from fifteen or more bond buyers, in response to letters sent out by Mr. Dodd, to more than 30 different firms, saying that the city would offer the bonds for sale shortly after April 1.

In these letters, Mr. Dodd told the bond dealers that the city was preparing a complete transcript of all legislation relating to the bond issue which would be furnished to all interested buyers.

Mr. Dodd told members of council Monday night that he believed favorable consideration of these suggestions would result in much higher premiums for the bond issue and urged that council authorize the adoption of the suggestions.

As Monday night's meeting was a special one and nothing but business relating to the court house park could be transacted, no action was taken but it is likely that at the next regular meeting council will authorize the adoption of the suggestions.

ACCORD EXISTS BETWEEN VATICAN AND GOVERNMENT

(Associated Press Telegram.) Rome, March 29, via Paris, March 30.—The Giornale d'Italia says it considers futile the discussion regarding alleged private negotiations between the Vatican and the Italian government concerning the status of diplomats accredited to the Holy See in case Italy joins in the war.

The prudence of men ruling Italy and those residing at the Vatican, the Giornale d'Italia says, render superfluous any discussion. In times of war, it declares, the Italian government would not hesitate to remove hostile ambassadors accredited even to the Vatican without in so doing, however, attempting to interfere with the independence of the pontiff, while the Vatican certainly would not create difficulties for Italy in time of war.

CLEANUP POSTCARDS:

An Effective Novelty First Used in a St. Paul Crusade.

Cleanup postcards are a novelty introduced in St. Paul.

No less than 40,000 were mailed to persons a year ago, and this year probably double that number will be utilized. The cards, with appropriate illustrations and text or with text alone, prove very effective in getting volunteer cleaners into action.

The cost of printing them is very low. They can be either mailed or distributed by individual workers.

GALA EVENT WILL BE THE ELK INNING

The Elks dining tomorrow evening will be the last of the season the stag outings at the lake taking their place. It promises to be one big affair and the committee having the matter in charge is busy today preparing for the big feed, the menu of which will be unequalled for many days to come. The entertainment committee, Messrs. H. H. Baker, Frank Schimpf and J. F. Cherry, has arranged a novelty program to follow the serving of the banquet.

After several selections by Schneider's German band, during which Al Kaiser, Gleichauf will give an exhibition of baton juggling, the comedy quartette, Messrs. F. S. Scott, George Grindie, Ralph Norpell and Wm. Broome, will sing a number of the latest song hits, and by special request the latter gentleman will render "Silver Threads Among the Gold."

Mr. James Cooper, lately returned from French Lick springs will favor the assemblage with a solo as will also Herbert Webber, Johnny Bader, Max Winkler and Charley Hoover. Short addresses will be made by August Hess, H. J. Glancey, Nelson Meiz and Warren "Cupid" Devoe. John Ankle and W. J. Koblenz will demonstrate an old fashioned Tennessee cake walk and Hon. W. D. Fulton will give a ten minute talk on Elkdom.

The banquet will be served by Messrs. Johnson and Daper of Sandusky, who furnish the sea food, and they will be assisted by Messrs. Billy and Johnny Hohl, the club stewards, and Messrs. Rollin Baird, Robert Kirkpatrick, Johnny Bader, Ralph Priest, Ralph Norpell, Frank Ewalt, Carl Schaller, Johnny Dolan, Herbert Webber, Carl Myers, Earl Lanning and Bob Brennan will serve the tables. It is expected that 300 Elks will participate.

City and County May Spend \$1,000 Beautifying Court House Park This Spring

Expenditure of a sum of money not to exceed \$1,000, to beautify and improve the court house park, was authorized by the city council at a special meeting held Monday night for that purpose. This sum was authorized after the county commissioners told a special council committee, consisting of Members Adams, Payne and Keys, that the county would appropriate not to exceed the same sum for the purpose. Whatever the expense amounts to, the county and city each bear half.

This action was taken after there was a free and earnest discussion of the matter in the council chamber.

The special committee made its report in regular manner, recommending that four large flower beds be arranged in each of the four blocks, ornamental hedges be planted in each of the corners to prevent "jay walking," removal of the old pumps and the construction of a concrete walk on the west side, within the curb stone for the convenience of the expressmen standing at that point.

Mr. Payne, member of the committee exhibited a blue print of the arrangement of the flower beds and hedges. The plans also include the sowing of grass seed on the bare spots and will no doubt result in the caretaker being clothed with police powers with instructions to arrest all who tread on the grass.

When a motion was made to receive and file the report, Councilman Seward objected to the removal of the pumps on the ground that in the summer time, these pumps were the only places where pure cold water could be secured in the center of town. He urged that the pumps be placed in good condition and left there for the convenience of the public.

Members of the committee pointed out that this would be impossible unless some means of providing sanitary drinking cups could be arranged. It was also stated that the continual operation of the pumps kept the walks in the immediate vicinity in a sloppy condition which was not desirable.

Mr. Knauber, who has sought for some time to make satisfactory arrangements for the removal of the express wagon stand on the west side of the square, objected to the cement walk, proposed in the report.

He urged that council arrange with the owners and drivers of the express wagons, to change their location to South Fourth street, effect an organization and have an office for the convenience of the men where orders could be received by telephone.

Mr. Adams told council that this matter had been talked over with the expressmen and that they were opposed to the change on the ground that their business would be badly crippled. It was also pointed out that the shade of the big trees provided protection for the horses which would be compelled to stand in the hot sun, if the stand was removed to Fourth street.

Mr. Payne said that when the walk was provided for the men, that they would be expected to keep off the grass and that they would be subjected to arrest the same as any one else if they failed to comply with the city ordinances in the future.

Mr. Adams' resolution carrying out the committee's suggestions was introduced and after some discussion, was adopted on suspension of rules. In addition to the flower beds, hedges and ornamental shrubbery, the service department will pipe water to be used for sprinkling purposes, to the center of each grass plot. The measure is declared to be an emergency resolution and will be effective at once.

Mr. Adams in a talk regarding the work, said that it was the time of the year when it must be hurried in order to get the best results. He said that he had consulted S. E. Shaw, of Columbus, who has charge of the lawn and flowers at the state fair. Mr. Shaw suggested California privet hedge for the corners. He further offered to send the service department a list of shrubbery and flowers which would grow in the shade or sun, this to be a guide in selecting the plants for the various plots. He also offered to detail an

experienced man from his department to help in the work if the city cared to pay \$3 per day for his services.

Mr. Adams also suggested that the city arrange with one of the local green house men to take care of the plants which must be taken up in the fall.

He complimented the commissioners on their readiness to meet the city half way in this work of civic improvement. He said that there was no hesitancy on the part of the county officials and that they only asked permission to work in conjunction with the council committee in executing the plans.

It is likely that this improvement will put an end to the indiscriminate use of the park on big days as in the past. The thousands tramping over the lawn in the past has done damage which required months to remedy and it is improbable that any more permits will be granted to construct refreshment stands around the square.

Kill the Dandruff Germ Grow Nice, Thick Hair

Many men and women troubled with itching dandruff—the germ that brings falling hair or baldness—get the mistaken idea that a hair wash or tonic will give them a heavy, long, lustrous growth of hair. Its all nonsense. The dandruff germ has his house inside your hair roots and he won't be killed 'till you go under the scalp after him. Not only should the scalp be kept clean and healthy to promote soft, fluffy hair but you must feed the little follicles or pores in which the hair is seated, with nourishment that destroys every chance of life for the dandruff germ. Lots of hair lotions merely dissolve the surface scales of dandruff and the sticky glycerine glues the dissolved pieces tightly to the hair strands, fooling folks into thinking the dandruff's all gone—'till it begins falling over one's clothes a day or so later.

Even the first day's use of "wild-root" will prove its value for the dandruff falls from the head in veritable showers on combing. But quickly after the scales are dropped the scalp again may produce a thick, luxuriant growth. Any good, first-class druggist sells "wild-root," which is inexpensive, contains only pure vegetable oils and no acids or alkalis. A bottle will last considerable time and the chemists who make it guarantee perfect satisfaction or money back.

COMFORT STATIONS UNDER COURT HOUSE SUGGESTED BY COUNCIL

While the city council Monday night was discussing the proposed improvements to the court house park the question of comfort stations for the convenience of the general public, particularly to the people who throng the downtown districts on a holiday or other big days, was brought up and favorably discussed.

Only the fact that business transacted at the special meeting was necessarily confined to that for which the meeting was called, prevented council from taking some formal action. As it was, the special committee to have charge of the park work, was asked to bring the matter to the attention of the commissioners.

It was suggested that two more comfort stations, one for women under the west steps of the court house, and one for men under the north steps be installed.

Councilmen who spoke favorably on the subject, called attention to the absence of such conveniences and the great need therefor. In all probability the matter will be taken up with the commissioners by a committee composed of business men, representatives of clubs, unions and other organizations. The Board of Trade will be asked to co-operate in the matter.

AMERICAN BANKS WILL SUBSCRIBE A BIG FRENCH LOAN

(ASSOCIATED PRESS TELEGRAM)

New York, March 30.—Bankers heard today that negotiations virtually have been completed between J. P. Morgan and Company and representatives of the French government for the establishment in this country of a \$50,000,000 credit for the benefit of France. Formal announcement of the conclusion of this arrangement was looked for shortly. It was understood that the financing would take the form of French treasury bonds, issued for one year, bearing five percent interest. Plans have been made to form a syndicate or bankers headed by J. P. Morgan & Co. to underwrite the credit, and it was expected that a public offering of the French securities would be made. The funds derived from the sale of the bonds, it was stated would remain in this country and be devoted to the purchase of American goods needed by the French.

This issue of bonds would bring the total of the war up to about \$75,000,000. It was stated that the plans under which the credit is to be established here had been submitted to government authorities in Washington, and had received their approval.

Negotiations for the establishment of a British credit in the neighborhood of \$100,000,000 were reported to be progressing but not likely to be concluded for several days. It was announced that about 70 percent of the \$10,000,000 German note issue floated here has been withdrawn by the underwriting syndicate with a commercial investment.

NEW CORN CURE PRINCIPLE

Dr. Hunt's Wonderful Penetration Method. PRICE ONLY 10c.

It remained for Dr. Hunt of Sidney, Ohio, to solve the corn problem. Folks had tried other remedies with only partial success. So, Dr. Hunt got at the root of the matter by getting at the root of the corn with his wonderful penetration method.

Dr. Hunt's New Corn Cure comes in simple plaster form. Six plasters in a box. Trim plaster size of corn and apply.

An amazing ingredient, discovered by Dr. Hunt penetrates the corn, causes it immediately, loosens it root and branch so that in two days the corn lifts right out.

No pain, no throbbing toe, no bulky uncomfortable pads to press on the sore spot, no discomfort whatever. Wear your regular shoes. Corn is cured while you walk about. Don't use caustic ingredients that eat off only the top of the corn and stimulate its further growth. Cure your corn the new way, the scientific way by using Dr. Hunt's New Corn Cure. Cures by penetration.

Who's Your Druggist? Who's Your Druggist?

Are you as careful in the choice of your druggist as you are in the choice of your medicine? Do you buy from ANY druggist ANY medicine that is recommended for your particular needs?

Do you get your medicines at one store because you have taken the trouble to get a personal opinion of the druggist's integrity, honesty and familiarity with medicines—because you have faith in the man and in the medicines he dispenses—or do you stop at the first store you reach and ask for the remedy (you don't know just what remedy) for relief from the trouble for which you require medicine?

Are all druggists equally honest, equally painstaking, equally familiar with the medicines they dispense and do all take the same personal interest in you and in your ailments?

You must know already that they are not equal in every respect, no more so than in any other lines of business. Some are good, some not so good. But why should YOU take a chance?

The investigation to determine just who is a RELIABLE druggist has already been undertaken and finished by the company marketing *RedWhiteBlue* Remedies and goods; for these medicines, toilet preparations, etc., are given ONLY to SELECTED druggists.

The sign, THE *RedWhiteBlue* STORE, stands for one of these selected dealers. Not necessarily the largest, nor the best rated financially, but THE store, whose motto is "QUALITY FIRST."

Each *RedWhiteBlue* Store is prepared to give you maximum service for minimum cost—a service second to none. A personal interest will be taken in you and your ailments. The very nature of our contract and our investigation assures this.

Each *RedWhiteBlue* Remedy is a medicine for a different ailment, carefully prepared with a knowledge of what is necessary to remedy the conditions causing that ailment.

Go into the nearest *RedWhiteBlue* Store and try The Remedy for your ailment on our GUARANTEE of SATISFACTION or MONEY BACK.

Difference of Opinion As To Necessity of Holding The Special Bond Election Today

James R. Fitzgibbon.

"It will require a two-thirds vote
to pass the bond issue today. Section
3042 of the General Code provides
that when the council deems it nec-
essary, it may issue and sell bonds
upon obtaining the approval of the
electors of the corporation at a gen-
eral or special election.

"Section 3047 provides, 'If two-
thirds of the voters voting at said
election upon the question of issu-
ing the bonds, vote in favor thereof,
the bonds shall be issued.'

"It is claimed that because a lim-
itation hadn't been reached, it wasn't
necessary to submit the bond issue
to a vote of the people. That may
be true, but we have passed that.
The council by proper resolution
and deeming it necessary, has asked
authority from the voters to issue
the bonds and the requirement as to
the two-thirds vote necessary for
passage prevails."

breakfast. He states that the
springs are crowded just at present
and people are there from all over
the country. During the taking of
a picture film Mr. Cooper was press-

evening.

After Oil Lease.
"Dutch" Tiescher, "Butch" Mc-
Coy and Wm. Twigg, motored to
Utica today to look after some gas
leases in that vicinity. They expect
to secure some excellent territory
and will sink a well immediately.

Carl F. Stevens, a well known
jeweler of Zanesville, O., was a vis-
itor in the city yesterday, guest of his
old time friends, Messrs. Will Cree-
den, manager of the Warden Hotel,
and Harry Starr, the well known B.
& O. engineer. Mr. Stevens is a pro-
fessional trap shooter and holds a
number of records. He has induced
Mr. Creeden and Mr. Starr to take
up the sport and those gentlemen
will begin practicing at once so that
they may make a good showing when
they participate in the semi-monthly
shoot at Zanesville.

Roof Fire.
A blaze of unknown origin bar-
ned a small hole in the roof of a
house along the Canal near Wilson
street shortly after noon Monday.
The house is owned by Charles Baker
and occupied by foreigners. The
loss was nominal.

Moving Hardware Stock.
The Wm. Miller Hardware stock
is being moved from the Riger room
in West Main street to the room
formerly occupied by the Union
Market Co., in South Park Place.
The stock is an immense one and
will require several days to place it
in the new location.

To Police Court.
Mayor Bigbee could have taken
a vacation today as far as police
court business was concerned for
there were no law violations with-
in the last twenty-four hours. The
patrol wagon was not called out
during the night and the police of-
ficials are looking around in an ef-
fort to discover the mascot.

Passover Feast.
When the sun went down last eve-
ning the feast of the passover began
for the children of Israel throughout
the world. In celebration of this
feast scattered families make special
efforts to be reunited. The feast
lasts for seven days but the opening
day is the one which is most cele-
brated. Besides the feast at table
prayers and songs of a joyous and
private nature are said and sung.

Back From Springs.
James R. Cooper, assistant court
stenographer, returned Sunday from
a two weeks' vacation at the famous

NEWARK MEN
WILL ATTEND
CONFERENCE
OF CHAMBERS OF COMMERCE OF
COLUMBUS, DAYTON AND
CINCINNATI
Relative to Taxation Measures Now
Pending Before the Ohio
Legislature.
A telegram was received in this
city today by the secretary of the
board of trade from officials of the
Chamber of Commerce at Cincinnati,
requesting the local board to send
representatives to Columbus tomor-
row to meet with the Greater Dayton
association, the Columbus and Cin-
cinnati Chambers of Commerce and
take action on pending legislation re-
garding taxation measures.
E. M. Baugher will represent the
Newark Board of Trade and A. R.
Lindorf, W. H. Mazey and George
Hermann the Business Men's associa-
tion. City Auditor Nelson Dodd
and the board of sinking fund trust-
ees will also attend the meeting as
nothing is more vital to our cities at
this time than the taxation question.

J. A. Flory.
In my opinion, the limit to which
the council can issue bonds of the
city not having been reached, the
submission of the question of the is-
suing of these \$30,000.00 electric
light bonds was a mere voluntary
matter on the part of the council to
ascertain what the majority of the
voters of the city voting upon the
subject desired; that no matter how
the vote goes, the city council has
the right to issue the bonds, or not
issue them, as the majority of the
council may desire, since only when
the council attempts to issue bonds
beyond the limit fixed by statutes for
it to issue bonds without a vote of
the people, is it required that such
question be submitted to a vote of
the people.

NO FIGHTING AT BROWNSVILLE UP TILL NOON TODAY

Brownsville, Tex., March 30.—
There had been no fighting up to
noon today between Villa and Car-
ranza factions around Matamoros
and no indications that fighting soon
would be resumed.

Villa forces now before Matamoros
after their unsuccessful attack last
Saturday, are likely to find them-
selves hemmed in by Carranza forces
from the west and south it reports
of advancing Carranza troops are
true. There already has been some
fighting between Villa troops and
those of General Hildebrando Vasquez
on the south but nothing further had
been heard here early today from
General Castro, reported advancing
from the west to attack Villa forces

SITUATION IS NOW WELL IN HAND IN OFFICIALS' OPINION.

Washington, March 30.—With the
arrival of United States troops at
Brownsville, Texas, today, to prevent
the firing into American territory by
the Mexican forces contending for
possession of Matamoros, war de-
partment officials are confident that
they now have the situation well in
hand.

Three batteries of the Third Field
Artillery were on their way today to
Brownsville, from San Antonio and
a regiment of infantry was being held
in readiness at Texas City to move
there on a moment's notice. Orders
to the troops had gone from the war
department in response to the sug-
gestion of Major General Funston,
commanding the American forces on
the border, who has gone to Brown-
sville to assume command of the situ-
ation.

These precautions were deemed
necessary to impress upon the com-
manders of the Mexican forces fight-
ing at Matamoros that firing across
the border, thus endangering Ameri-
can lives, will not be permitted. As-
surances had been given, however,
by the Carranza and Villa agencies
here that firing into the Texas city
would not be allowed.

COLONEL BLOCKSOME MAKES DAILY REPORT FROM BROWNSVILLE.

Washington, March 30.—Nothing
reached the state department today
to confirm yesterday's report that
Zapata forces were about to evacu-
ate Mexico City again and that Gen-
eral Obregon, the Carranza chieflain,
would occupy the capital.

From Brownsville, Colonel Block-
some reported:
"There has been no firing of any
account since my last report. I have
been unable to get reliable informa-
tion as to the whereabouts of the re-
mains of the Villa force and their
artillery, but reports I have indicate
that they are about 12 miles up the
railroad which is said to be repaired
that far."

Other reports said 15 cars of Villa
artillery would reach Matamoros
from Monterey tomorrow.

CATTLE EXHIBIT ON WEST MAIN ST. BY G. W. HOWELL

George W. Howell of the New-
ark Provision Co. made a rather re-
markable exhibition in West Main
street of "baby beef," on Tuesday af-
ternoon.

The latter were raised in Licking
county by J. W. Lemley and Samuel
Deviney the well known Shorthorn
breeders. They show the possibilities
of cattle in Licking county and re-
flect great credit on the progressive
breeders of the county.

It is a well known fact that there
is not another equal area of the
earth's surface where there are more
men successfully engaged in the pro-
duction of the finer strains of beef
cattle. The "baby beef" is the later
thought of the beef producer giving
quicker return better margin of
profit and with an investment of not
over a year, the Shorthorn breeders
of the world back such breeders as
Montgomery Deviney, Richards,
Hagerty, Wilhelm, Harshorn, Flemin-
g, Lemley, Woods and others.

Of this "baby beef" exhibited to-
day there were three oxen and two
heifers. They were about a year old
and tipped the beam at an average
weight of 1000 pounds each. They
will go to the retail market in the
Easter trade.

GET RID OF RHEUMATISM

An Easy Matter with Rheuma, the
Marvelous Remedy for the Disease.

Drive out the uric acid from the
joints. Get every particle of this po-
isonous matter out of your system,
and keep it out.

You can do it with Rheuma, a
scientific prescription that acts at
once on kidneys, stomach, liver and
blood; dissolves the uric acid and
causes rheumatic agony to vanish.
Read this proof: "After treatment
by three doctors, without result, I
have been cured of a very bad case
of rheumatism by using two bottles
of Rheuma. It is now two years since
I used the remedy, and I am still as
well as ever. Previously I was a crum-
ple, walking with crutches."—Judge
John Barhorst, Fort Loramie, Ohio.
T. J. Evans thinks well enough of
Rheuma to offer it on the "no-cure,
no-pay" plan at 50 cents.

CASE SETTLED; GYPSY WOMAN IS RELEASED

The case against Mrs. Mary Smith,
wife of "Gypsy" Bill Smith, wherein
the woman was charged with having
fraudulently secured the sum of \$218
from Mrs. B. S. Quick of near
Homer, O., has been settled out of
court. It is said that the woman's
husband returned \$100 to Mrs.
Quick and paid the court costs, which
were considerable, as Sheriff Swank
traced the woman through three
counties before effecting her capture
and then a large number of witness-
es had been subpoenaed on the case.

The Gypsy woman led Mrs. Quick
to believe that a pot of gold was con-
cealed somewhere on her farm and
induced her to pay certain sums of
money to learn the secret of the hid-
den wealth. Finally on the day
when the secret was to have been re-
vealed the Gypsy woman stated that
the planets were not working right
and she would have to have a little
more time. The band, three men
and two women, packed up their
wagons that night with their camp
equipment and silently stole away.
They were captured several days later
in the vicinity of Somerset, O. It
is a foregone conclusion that all
who have heard of this case will
think twice before they allow a
stranger to induce them to believe
that there is hidden wealth on their
land.

TEMPERANCE

(Continued from Page 1.)
izing bills, Representative Lovett
said:

"I have serious doubts whether
this legislature can pass any measure
which will be any improvement on
the present license law." Mr. Lovett
is classed as a strong "dry," advo-
cate. He added that he doubted
whether the legislature at this ses-
sion actually will pass any decen-
tralizing measure. Many other Re-
publicans hold the same belief, but
fear to express it, Mr. Lovett de-
clared.

Neither the liquor nor the anti-
liquor interests are asking decen-
tralizing of the present license sys-
tem, he asserted.

Democratic leaders in the senate
today predicted defeat of the Beit-
ler bill which was scheduled to
come up for final consideration to-
day in both houses on report of the
conference committee. Senator Hop-
ple of Cuyahoga, minority floor lead-
er, said he thought all Democratic
senators would vote against accept-
ing the report. Thus it would not
get a two-thirds vote and according
to Attorney General Turner's opin-
ion, the bill would be dead. Demo-
cratic senators held a brief caucus
before the senate convened to dis-
cuss their action on the bill.

A fight to prevent passage of the
Vollenweider bill to restrict the
shipment of liquor into dry territory
was brewing in the senate today.
The bill was on the calendar and
final action was expected late this
afternoon. Senator Collins of Ham-
ilton failed yesterday to have the
bill taken off the calendar and sent
to the manufacturers and commerce
committee, where it might have been
smothered.

Senators favoring the bill declar-
ed its principal purpose is to prevent
bootleggers in dry territory from get-
ting shipments of liquor secretly.
Opponents argued however, that the
bill would prevent a citizen of a dry
community from ordering by mail
shipment of liquor to him, and that
consequently it would destroy the
mail order liquor business. Anti
liquor proponents admitted the bill
would allow a resident of dry terri-
tory to get liquor only by carrying it
in personally or by ordering an ex-
press company to "fetch and deliver"
a package from a liquor dealer
in wet territory. The dealer himself
could not make any shipment into
dry territory in his name, dry advo-
cates asserted.

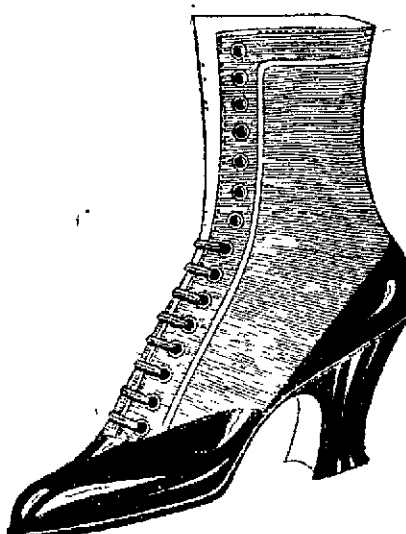

The senate also expected a fight
today over the Archer bill to give
the industrial commission authority
to fix maximum hours of labor, in-
stead of establishing these by special
laws. Labor interests are opposed
to the bill. Some doubt was expres-
ed by senate leaders over whether
the Lloyd bill to create a new ap-
ellate court district, including Frank-
lin county, would be passed when it
came up as a special order of busi-
ness today.

Driver "Bob" Francis and Patrol-
man Abbott were busily engaged to-
day in getting their riding tackle
in good order. The latter, who is
an expert on angling, states that the
bass will begin striking during the
last quarter of the moon, which will
be about April 6. Messrs. Francis
and Abbott will endeavor to secure a
record catch, so as to discredit
Patrolman Wm. Hincer, who claims
the championship for the patrol de-
partment.

Don't Delay The Purchase of Your Easter Suit or Coat

until the last day. There are but four days between now and Easter Sunday. As Easter approaches, the cloak department will be a busy place, and shopping will become more difficult. Take advantage of this suggestion, and come in tomorrow and make your selection. You will not only have time to look leisurely through the stocks, but you will allow us ample time to make any alterations that may be necessary.

BY SELECTING YOUR NEW SUIT EARLY.

You not only have the advantage of choosing from complete stocks, but you are sure of getting a full season's wear out of it. Then you have the satisfaction of being one of those who wear the new styles first. The styles are so different this spring. Plain tailored coats, many of them made in military effects with braid trimmings, others made with pocket trimmings and belt at the waist. We are showing silk tulle suits in grey, navy and black, gabardines, serges, black and white checks and line stripes, in a big range of styles, many of them only one model of a kind.

WHITE COATS FOR SPRING

Are all the rage in separate coats. The styles and materials are beautiful white bouclés, golfine, chinchillas in all white and cross line bars in blue and green. Made in military styles, some with large pockets, others made with wide belts and fancy button trimmings. In addition to the white coats are shown many choice styles in golfine covers, gabardines, bengalines, silk faille, moire faille, large fancy plaids in black and white and fancy colors. Many of these coats are lined with silk linings, others are of material of a weight that requires no lining.

LATE ARRIVALS IN SILK DRESSES

are full of interest. They are shown in silk crepes, chiffon taffetas and challes, in all the approved styles. Some with wide full skirts, others made with wide shirring over the hips, giving the necessary fullness at the bottom. Dutch dresses, jumper effects and Empire Dresses are shown in many dainty styles.

THE NEW EASTER GLOVES

GET THEM EARLY

Come in tomorrow while the stock is complete and you will be sure of getting the size and color you want.

THE KID GLOVES AT \$1.00 A PAIR

are a real French kid glove, a two clasp glove with large bone clasp fastening. Colors black, white, tan and grey. \$1.60 pair.

PERRIN'S GLOVES \$1.25 A PAIR

The famous French gloves that stand for quality. They are firm enough to hold a permanent shape. Yet are very elastic. The Corona quality in black, white, tan, grey, navy, black stitched in white, and white stitched in black are offered at \$1.25 pair.

EASTER HATS AND BONNETS FOR THE CHILDREN

In your Easter shopping don't forget the children. They will want a new hat or bonnet. The styles are beautiful and so many different ones. HATS in straw, fancy braids, crepes, pique, fancy shapes made of ribbon and lace. BONNETS for the little ones, made of batiste and lawns in many pretty styles with trimmings of lace, embroidery and ribbon. Bring the children in and try some of these pretty styles on them. We know you will like them.

CHILDREN'S STAMPED DRESSES 25c EACH.

All made, it only requires the embroidery work to complete these little dresses which come in two, four and six year sizes. They are made of plain and cross barred lawn in dainty styles. Some plain and others with lace trimmings. They will make dainty dresses after you embroider them. They only 25c each.

LADIES' MADE-UP STAMPED GOWNS 39c EACH.

These come in all sizes and are made of a nice quality long cloth, and are cut with either square, round or V shape neck. A big range to select from in designs for solid and eyelet work. You have only to embroider the stamped designs and the gown is ready for wear. They're a splendid value at 39c each.

Oxygen and Other Stimulants Will

Knocked Out.

(ASSOCIATED PRESS TELEGRAM)
Havana, March 30.—With the battle for the world's heavyweight championship less than one week away—it is set for April 5—Jack Johnson and Jesse Willard today began reducing their training routine. Willard was so fit that he virtually laid off and planned no work aside from a walk and run of a few miles at 7 o'clock. The balance of the day was spent in resting and sight-seeing.

Johnson took some short sprints on the road and went through his regular public training in the stadium, in the afternoon. Both men say that the climatic conditions of Havana have helped them arrive at an edge quickly.

The pugilists were examined and measured by physicians again last night. Each man is said to be in splendid condition with regard to organs and muscles. One doctor said Johnson had the smallest heart of any man he had ever examined. These latest measurements show that the champion is today heavier and more muscled than he was at Reno in 1910; nevertheless, Willard is the bigger man in almost every particular.

The Cuban government officials are determined to take no chances of a serious accident due to a fight between such big men. They have appointed three physicians to attend at the ringside. They will have oxygen and other stimulants to revive the fighters in case of an unusual knock-out or a fall. They say, however, that they will not interfere with the proper termination of the battle according to the code of the prize ring. The relatively gigantic size of the pugilists evidently has impressed Cuban officials with the idea that the struggle of next Monday will be unusually savage.

A group of Cuban ministers representing various evangelical missions centered in Havana has filed a protest with government officials against the fight and some American ministers, living here have addressed an open letter to American tourists, as fellow countrymen protesting against their support of the bout. No particular attention is being paid to these protests by the Cuban officials or the fight promoters. The hotels of Havana are beginning to fill up with early arrivals from other parts of the island and from the southern states. Willard money is beginning to appear and it is expected to reduce the present odds of 2 and 2 1-2 to 1.

CAPT. A. H. HEISEY TELLS WHY HE MAKES CURRENT

Answers a Question Contained in a
Letter Published by the Citizens'
Committee on Monday.

Editor of the Advocate:

In order to relieve myself of the inconsistency of advocating one condition and practicing another, which the person who masqueraded as a citizens' committee, (who did not have the moral courage to give his personal endorsement) insinuated in his letter published in your issue of the 29th, in which he asks why I am manufacturing electricity myself, and advocating that the city purchase theirs, I think it is only due my friends, to clear the atmosphere in relation to this matter.

I therefore beg to explain that we operate several gas engines; one of them, having a capacity of 150 H. P., operates the fans for air, and furnishes power for our mold shop. We found that this engine was capable also, of driving a dynamo of 40 K. W., which would supply us with all the electricity we require, and inasmuch as the additional cost to produce this would be nominal, we installed an electric light plant.

Our position is altogether different from that of the city. They would have to pay all costs, fuel, taking care of lights and poles, waste, the necessary employees to operate the plant, etc., etc., while in our case, there is no further expense, excepting the little additional

cost for gas incurred in order to produce the additional power. The same force that operated the engine before, operates it now.

We would, of course, necessarily incur the additional cost of the lights proper, but this is not included in gas contracts generally.

I might say further, that the total cost of gas used to operate this engine for 24 hours, is less than \$2.00, and assuming that the electric lights consume 25 per cent of this, you see the actual cost to produce our electricity would be 50c or less for 24 hours, plus the wear and tear of machinery, which this additional power would incur.

Yours respectfully,
A. H. HEISEY.

Prominent Men Attend Obsequies of Edward Hanley

(ASSOCIATED PRESS TELEGRAM)
Dayton, Ohio, March 30.—St. Joseph's church was unable to contain the great number of friends who gathered to pay final respect to the late Edward W. Hanley, former chairman of the Democratic central committee of Ohio, whose funeral was held this morning. More than 150 floral pieces were received by the family and men prominent in state affairs were present for the obsequies. Many members of the Ohio legislature, the state central Democratic committee, Eagles, and Elks from many cities were present. Senator Pomerene of Ohio sent a beautiful floral piece.

Among the honorary pallbearers were former Governor Cox and former Governor Campbell.

Every rose must have its thorns, and every shade its bones.

CULT "APOSTLE" WAS RELEASED; WILL TOUR OHIO

(ASSOCIATED PRESS TELEGRAM)
Alliance, Ohio, March 30.—Following his release last night from the Alliance city prison, Percy A. George, alleged high priest of the "Church of the Kingdom of God," announced today that he intends to tour Ohio in the interest of the cult of which he is the self styled "apostle." The authorities have tacitly admitted inability to make out a case against George in connection with the death of Amy Tanner.
